2006 Annual Report

is dedicated to

Peter Anderson

Peter J. Anderson of Thomas Road died on April 23, 2006. Peter lived in Rindge for most of his life, and visited the lake with his parents in his younger years. He was Road Agent for the Town of Rindge from 1976 – 1995. His hobbies included the annual Pumpkin Weigh Off, fishing, boating and hunting.

Vision Statement

Rindge is a community committed to managing the balance between the collective vision of its residents, the dictates of its environment, and its commercial needs. We will accomplish this by relying on individual diversity and active participation of all community segments in preserving the town's natural assets and small town, rural flavor.

Mission

We demonstrate commitment and support of our vision for the community, its natural resources, commercial, residential, and environmental needs by...

- encouraging each member of the community to participate in and support town committees, organizations and their related activities.
- providing activities for a wide cross-section of our community that promote inclusion discussion, and communication, including periodic forums such as the Rindge Community Profile.
- conserving and managing our natural resources through the thoughtful and deliberate support of updating our Master Plan, consistent implementation of Town Meeting decisions related to zoning, conservation and other related activities.
- supporting and encouraging the development of locally owned farms, businesses and cottage industries through local incentives, information exchanges and exhibits.
- preserving and promoting the history, lore, traditions, and arts and crafts of our community.
- planning for the growth and development of quality services to support our community such as education, social services, fire, police, highway, and recreation departments.
- establishing and maintaining a cooperative open partnership between business, civic, non-profit, religious, educational, and town interests through regularly scheduled opportunities for dialogues.
- continuing to foster business development by proactively attracting businesses and industries that will work in a cooperative partnership with the town.

Report of the Town Administrator

In 2006 the leadership of the Town was faced with some major challenges. Both the Recreation and Public Safety buildings proposed at the 2006 Annual Town Meeting were defeated; then came the announcement that Edgar Gadbois would be retiring after serving as Town Administrator for six years; and finally, the Board was presented a budget significantly higher than this year's.

Voters turned down the article that proposed a public safety building for 3.8 million. After Town Meeting, the Selectmen and Public Safety Committee re-convened to discuss the next step. They worked with Franklin Pierce College to survey the residents about the proposal. After reviewing the survey results and talking to more residents, they agreed to cut 3,000 sq. ft. from the building and put the project out for design/build proposals. Question 19 on the 2007 warrant is the result of that process.

The article that proposed a Recreation building at Wellington Field received a simple majority, but not the 60% required to approve a bond. The Recreation Building Committee soon discovered that there were a lot of people willing to donate money and labor to get the project done. They worked closely with the CIP Committee to develop a plan -- using donations and capital reserve funds, the project would not need to be bonded and therefore, only require a simple majority. The Recreation Building Committee jumped into its fundraising efforts with enthusiasm selling bricks, and hosting several fundraising events. Within one year, they were able to raise \$80,000 in cash and get pledges for labor and the use of equipment. That project is # 23 on the 2007 Warrant.

Town Administrator, Edgar Gadbois, announced his plans to retire in April. He recommended to the Board that I take over his position at the end of the year. The Board agreed, and a transition plan was set in motion. I began supervising the Recreation Department in April, and over the course of the year, the other major departments. Julie Labonte, the Town's Bookkeeper, agreed to assume the Administrative Assistant's position, and we split the Bookkeeper position into two part time positions. We hired Helene Rogers to fill the new Town Accountant position in October, and Patricia Miller was hired in December to fill the part time Bookkeeper position in January of 2007. We're making it as "seamless" a transition as possible.

The budget season got underway in September, when Department Heads met with the Town Administrator and Budget Advisory Committee to present their funding requests. When the Town Administrator and Budget Advisory Committee submitted their recommendations to the Board of Selectmen, the Selectmen were faced with a 50% increase in the municipal tax rate. The Selectmen reviewed all of the budgets and brainstormed ways to make reductions. Use of capital reserve funds and aggressive goals, such as the one to reduce solid waste by 10%, allowed the Board to reduce the budget considerably. The budget that voters will be asked to approve on March 13 is an 8% increase over the prior year's budget.

I am very excited and honored to assume the Town Administrator's position. I look forward to meeting more residents and hearing their ideas and concerns. Please feel free to stop by, call, or email me.

Sincerely,

Carlotta Lilback Pini
Town Administrator

Report of the Board of Selectmen

A \$3.8Million bond issue for a new Public Safety Building was not approved by Rindge voters at the March 2006 Annual Town Meeting. This building, which will house both the Fire and Police Departments, was to be designed by an architect and undergo a conventional bidding process. Following a poll of Town residents conducted gratis by the Franklin Pierce College Polling Institute, and after obtaining input from many other citizens of Rindge, the Selectmen decided that this proposal would not be approved if placed on the March 2007 Annual Town Meeting ballot. With the assistance of the Public Safety Building Committee, the Selectmen issued a Request for Proposal for a design/build alternative with a maximum price of \$2.2Million. By reducing the size of the building, eliminating architect and engineering fees, and obtaining very competitive bids, the Board was able to reduce the price to the targeted \$2.2Million, with \$1.9Million coming from a bond issue and the remaining \$300,000 from capital reserves. This proposal, which reduces the tax impact to half of the original project, will appear on the ballot of the 2007 Annual Town Meeting.

A \$230,000 bond issue for a new Recreation Building at Wellington Field was also defeated at the March 2006 Annual Town Meeting. Following that vote, a volunteer committee was formed to raise money and donations of contractors' time and equipment to help offset the cost of this building. Thanks to the efforts of these people, the net cost to the taxpayer of the \$268,000 building that will appear on the ballot at this year's Annual Town Meeting will be reduced to approximately \$100,000, or less than half of the original proposal.

The Board was able to hold the municipal tax rate at the same level in 2006 as in 2005 by limiting the increase in the expense budget and using some surplus to reduce the tax rate. The surplus was also increased by approximately \$30,000.

Following the Vision reappraisal of 2005, 97 abatement requests were filed in 2006. Of these, the Selectmen met with 82 applicants to review and decide on the validity of their requests. To treat everyone equitably, the Board established a list of criteria to be used in these reviews. Of the total of 97 requests, 32 were partially granted.

On a 2006 ballot question, voters approved a resolution that the Town should make a serious effort to attract senior housing. The Senior Housing Committee studied several alternatives and decided that the best proposal would involve constructing such a project on Town-owned land behind the Town Office. There will be two articles on the 2007 Annual Town Meeting Warrant addressing this subject, one for a feasibility study on the use of this land, and the other allowing the Selectmen to enter into a long term lease of the land with Southwest Community Services for a Senior Housing Project.

With rapidly escalating tonnage costs for waste disposal, and a rapidly growing quantity of waste, the DPW Director and Selectmen believe a major increase in recycling must be accomplished if we are to control our Transfer Station costs, all of which are passed on to the taxpayer. Towns that have gone to a Pay-As-You-Throw (PAYT) system, where plastic bags for waste disposal are purchased, have all experienced significant increases in recyclables. A PAYT proposal was defeated by Rindge voters, however, on the primary ballot in September. During the hearings on this proposal, several suggestions were made by town residents for increasing recycling. These are now being implemented, and we appreciate the cooperation of all residents who use the Transfer Station in accomplishing a goal of a 10% reduction in compacted waste in 2007.

The Selectmen are committed to enforcing all Town ordinances. In the past two years, there were seven major violations of the Town's Wetlands Conservation District Ordinance. This year the Board issued a clarification of the policy for tree cutting violations of the Wetland Ordinance. A copy of this policy was mailed with all property tax bills in November. In one case, which the Board brought to Superior Court for resolution, a settlement agreement was reached whereby the Town accepted a voluntary contribution of \$40,000 in addition to all Town legal and engineering fees. This settlement paid for the Town's total legal bill for 2006. Other cases where the Board has taken a firm position are still pending. In all cases where the Town is defending its ordinances, and where lawsuits are brought against the Town on other matters, the Board is committed to recovering all legal fees.

During the Master Planning Process conducted by the Planning Board in 2006, it became apparent that the West Rindge Common would play a major part in the future of that section of Town. The Selectmen appointed a West Rindge Common Committee to design improvements to the Common as well as developing the means to fund those improvements. A more detailed report of this Committee's work can be found on page 94.

The Selectmen appointed an Agriculture Committee this year. The charge to the Committee is to promote agricultural activities in the Town; ensure the inclusion of agricultural lands in the long range plan of the Town; and to explore the formation of an Agricultural Commission to promote the protection of agricultural lands through grants and other means. Please see page 122 for a more detailed report from this Committee.

Report of the Board of Selectmen

The Selectmen adopted a policy for filing of complaints against Town employees or appointed or elected officials. This requires a written complaint followed by a written response by the Town Administrator. The complaint can be brought to the Selectmen if the complainant is not satisfied with the initial response. This policy was prompted by a series of public accusations by a few individuals against Town employees and officials, with no substantiation of the accusations and no opportunity for the accused to respond.

The Selectmen requested the Personnel Committee to develop a Code of Ethics for Town employees, boards and officials. On the recommendations of a sub-committee of the Personnel Committee, the Selectmen adopted Code of Ethics Guidelines which establish ethical standards of conduct and a process by which one may obtain guidance regarding potential ethical issues. It also establishes a course of action for resolving disputes in a manner that is fair to all parties involved. The Board appointed an Ethics Committee of five members, as recommended by the adopted guidelines.

2006 was the first full year of the previously adopted pay-for-performance system for Town employees. Employees' wage and salary increases for the following year are determined by performance against goals of the prior year. One of the important goals for department heads is cost reduction and avoidance. In 2006, a total of \$48,400 per year was achieved in cost reduction as well as a one-time cost avoidance of \$104,000.

Material and labor costs associated with maintaining and reconstructing Town roads are rising significantly faster than the overall rate of inflation. In addition, the State has reduced the amount of money the Town receives from Highway Block Grants. The Selectmen therefore voted to not accept any new Town-maintained roads in the future, nor to reclassify Class VI as Class V roads.

The Selectmen continue to place high priority on the installation of Internet broadband capability in the Town. The Board appointed a Telecommunications Committee as a sub-committee of the Economic Development Committee to evaluate various alternatives for broadband and to facilitate the installation of this technology. The Committee is evaluating proposals from two different companies that employ radio frequency technology to provide Internet broadband service. Initial trials of this technology could occur as early as the Spring of 2007.

The Selectmen appointed a Hazard Mitigation Committee to identify past hazards and the areas of town most greatly impacted; locate critical sites on a map (town buildings, schools, gas stations, etc) and determine the impact potential hazards might have; and develop a list of steps we should take to be better prepared. Please see page 119 for the report of this Committee.

Approximately one week before the 2006 Annual Town Meeting, the Board mailed to all postal patrons a Rindge Voters' Guide. This Guide listed all of the articles on the ballot, with explanations of each article in laymen's terms. The Board received many favorable comments from Town residents, and we will mail a similar guide prior to the 2007 Annual Town Meeting.

The Selectmen held two meetings with all Boards and Committees and two meetings with our State Representatives and State Senator. The purpose of these meetings is to communicate common concerns, status of various initiatives, and focusing all on common goals for the benefit of the Town.

Edgar Gadbois, who had served as Town Administrator for six years, retired at the end of the year. Carlotta Pini had been Ed's able assistant for several years, and the Board gradually increased her management responsibilities throughout the year. We were indeed fortunate to be able to promote Carlotta to the Town Administrator's position effective January 1, 2007.

Peggi Brogan was also promoted from within to the position of Assistant Recreation Director. This promotion recognizes not only the outstanding contributions Peggi has made to the Town, but also her expanded role in the Recreation Department.

The Selectmen would like to thank all Town employees for the outstanding accomplishments of 2006. We also want to express our grateful appreciation to the approximately one hundred volunteers who serve on the boards and committees of this Town. They provide invaluable assistance, in many cases professional advice, and countless hours of their time to help make Rindge the wonderful Town we all enjoy.

Respectfully Submitted,
Chairman Arthur C. Fiorelli, Tim Halliday, Patricia Lang Barry

Report of the Budget Advisory Committee

The BAC met throughout the year 2006 to review expenditures and revenues in order to prepare for next year's budget cycle. This exercise seems to be a good way to introduce new BAC members to Town reports and to help them understand the Town's accounting.

BAC members met with Department Managers to ascertain their needs and to try to find ways to reduce budget requests. We then submitted our recommendations to the BOS.

This year we discovered that many Department Managers had been seriously crimped in their ability to run their Departments and to provide services demanded by them by Town citizens. For example, the Highway Department was concerned that it could not fulfill its responsibilities to the Town if (1) the Town continued to accept new roads as subdivisions were completed and (2) repeatedly cut the budget money available to repair and maintain Town roads. We sympathized and recommended much of the budget proffered by the Highway Department.

Similarly, we found that last year the Board of Selectmen had made significant cuts in other Department budgets in order to present to Town voters a budget that generated no increase in our portion of the tax rate. While we applauded the impact on the tax rate, we realized this year that overly generous increases were requested – and were justified. Similarly, CIP funds were severely cut last year, resulting in insufficient funds this year with which to acquire needed equipment in the Highway and Fire budgets.

The BAC repeats the following recommendations:

Department Managers should each prepare a detailed report to support their budget request (several Departments have been doing so the past several years).

The Town's accounting system should use consistent account numbers in every Department, so the BAC can analyze the amounts spent in each category (the new Tech budget is a good example of this).

The BAC provides volunteers an opportunity to learn much of the interworkings of the Town of Rindge by being involved in its budgeting process. We thank members Anthony D'Ambrosio and Walter Wright for their fine contributions in this their final year.

Respectfully Submitted,

David DuVernay, Chair
Rindge Budget Advisory Committee

Report of the Capital Improvements Program Committee

The Rindge Capital Improvement Committee met frequently throughout 2006 and met with Town Department Heads to develop a Capital Improvement Program. We suggested that we level fund the Program at approximately 10 percent of the Town's Operating Budget, about \$300,000 a year, to provide funds for the future capital needs of the Town.

The Committee structured a program to fund \$295,000 in 2007 to set aside \$10,000 for fire vehicles in the future for the Fire Department; \$110,000 for a new backhoe and plow truck for the Highway Department, \$25,000 for dumpsters and a long-haul replacement vehicle for the Solid Waste recycling center; \$100,000 to pay part of the cost of the new Recreation Department building at Wellington Field; \$35,000 for the next Revaluation scheduled for 2010; \$5,000 for a future Master Plan update; and \$10,000 to re-do and correct the Town Maps.

We recommended withdrawing \$299,200 from the Capital Reserve Accounts to include \$110,000 for Highway Department equipment; \$10,000 to prepare plans to add bays to the present Highway Barn; \$20,000 to modify safety exits from the Library; \$125,000 of the total \$268,000 to construct the new building at Wellington Field; and \$35,000 to pay for the measuring and listing buildings for the next Revaluation.

Due to the tightness of the 2007 budget, the Board of Selectmen have chosen to modify our recommendations.

The Committee is cognizant of the need for reduction in the 2007 CIP contributions to achieve an acceptable tax rate increase, but is concerned that continual underfunding of the Capital Improvement Program will cause serious funding problems in the future as funds will not be available for needed equipment, particularly for the Fire and Highway Departments.

Report of the Public Safety Building Committee

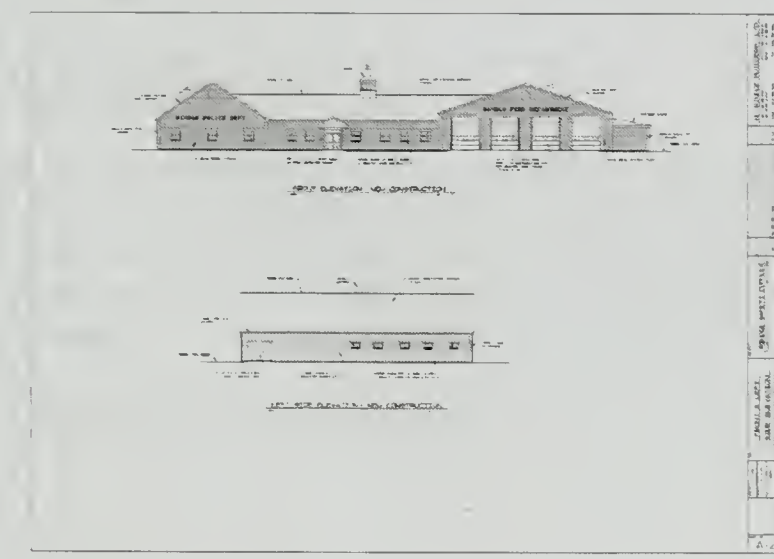

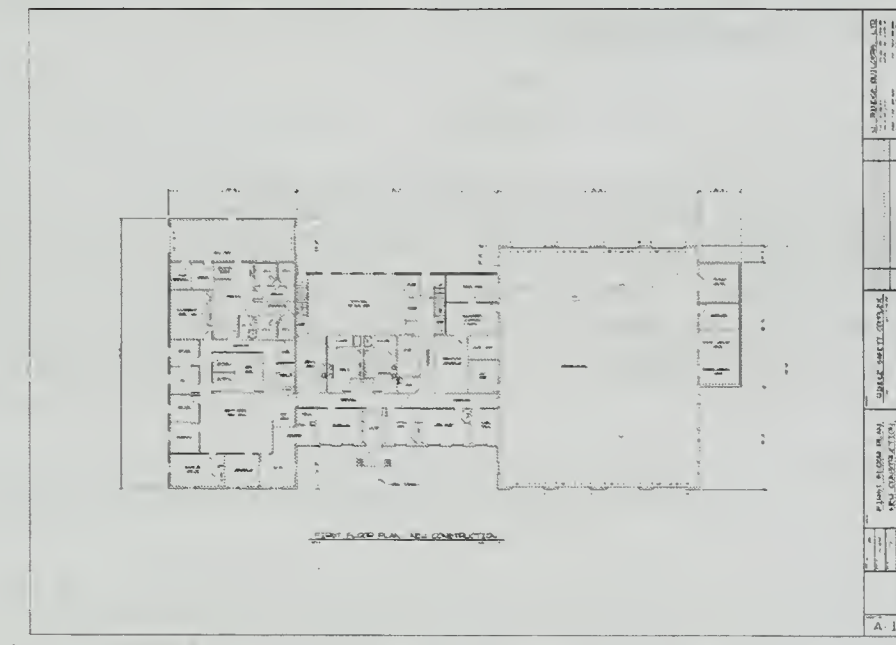

The Committee was disappointed not to receive the necessary 60% vote to proceed at Town Meeting in March. However, at the request of the Selectmen, the Committee reconvened in the spring to explore options to proceed. At the suggestion of Chairman, Arthur Fiorelli, a public survey was commissioned to be organized and directed by professor Frank Cohen at Franklin Pierce College. The purpose of the survey was to solicit public opinion concerning the Public Safety Building and why voters voted for or against the proposal in March. The survey was completed in late August with results indicating that people felt there were too many projects on the ballot, the project was too costly for Rindge and there was a lack of information to support the building project.

With that in mind a series of press releases has been written explaining the problems with the present buildings, the resolution of the problems in the proposed building, the improved delivery of safety services from the new building and the cost to the taxpayers if the project proceeds.

The public has been invited to tour the present Police and Fire Stations to see the present inadequacies and code violations. Additional public meetings and open houses will be scheduled prior to the next Town Meeting.

The plans and cost estimates were reviewed and it was initially agreed with the Selectmen to place the same plans and cost estimates on the ballot for 2007. After further deliberation the Selectmen became concerned that the voters would not approve a \$3,800,000 project. The Selectmen requested the Building Committee to reduce and simplify the plans and request proposals from contractors for a design-build project at a cost not to exceed \$2,200,000. This process is underway with proposals due by late January. If satisfactory proposals are received, Warrant Articles to build and bond a Public Safety Building at a maximum cost of \$2,200,000 will be included on the March 2007 ballot.

Respectfully Submitted, Ted Covert, Chair

Report of the Senior Housing Committee

In 2001 the Selectmen appointed a Committee to investigate the aspect of a Senior Housing Project for the Town of Rindge.

In October 2001, committee met with Southwestern Community Services (SCS) to look at a proposal for Senior Housing in Rindge to be developed with a limited partnership with SCS on vacant land owned by the Town.

Two things were needed by the Town:

To lease land to Southwestern Community Services

To change Zoning to allow for this project

The Zoning issue was put before the Public and voted on in 2002. The Committee was disbanded.

In August of 2005 a new Committee was formed to carry this project through. The Committee again met with Southwestern Community Services to develop a dialogue as to how we should proceed.

The Committee has met several times in 2006 and investigated Town owned land. After review of the 16 acre parcel of land on Payson Hill Road owned by the Town it was decided that Senior Housing should be built on that land.

In October 2006 the Committee met with Southwest Regional Planning Commission to apply for a Community Development Block Grant (CDBG) feasibility study of the 16 acre parcel.

In November 2006 the application was withdrawn because the Town had not authorized the Selectmen to lease the land. The Grant will be reapplied for in April 2007.

In March 2007 a Warrant Article will be placed before the voters asking the voters to authorize the Selectmen to enter into a long term lease with Southwestern Community Services.

2. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section II by changing the existing definitions for the following terms: Banners, Billboards, Business Directional Signs, Commercial Use, Construction Signs, Directory Signs, Facade, Flag, Free-Standing Signs, Illuminated Signs, Moveable Signs, Off Premises Signs, Political Signs, Real Estate Signs. The proposed changes seek to clarify existing ambiguities in the current definitions.

A "yes" vote approves the new definitions for inclusion in the Sign Ordinance.

3. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section III to require that Sign Permits shall include a photograph or drawing of the proposed sign, and be signed by the business owner and owner of the property.

A "yes" vote clarifies application requirements for the Sign Ordinance.

4. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section V by providing that the following signs do not require a permit: signs to advertise products for sale in season from farm stands and Christmas tree farms; Real Estate signs not to exceed four (4) square feet located on premise or off premise; Political signs located on any private property with the permission of the private property owner.

A "yes" vote exempts certain signs from the permit requirement.

2007 Town Warrant with Explanations

5. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section VI to allow one free-standing sign per premise plus one wall or hanging sign, or in a multi-tenant building on a wall or hanging sign, or in a directory sign.

A "yes" vote clarifies allowances for free standing and multi-tenant directory signs for the Sign Ordinance.

6. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section VII to prohibit certain off-premise signs, internally illuminated signs; and signs in obvious disrepair.

A "yes" vote adds prohibitions for certain signs for the Sign Ordinance.

7. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section VIII (Applications for permits: Fees) Real estate firms shall not be assessed a separate fee for the placement of individual signs but will be assessed an annual fee for placing signs within the Town of Rindge.

A "yes" vote clarifies assessment of fees on an annual basis for real estate firms for the Sign Ordinance.

8. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section IX (Enforcement) to allow the agent of the Board of Selectmen to enforce the Ordinance; penalties for violations shall be \$275 for the first offense and \$550 for each additional offense (each day) (NH statutory penalties under RSA 676:15-19).

A "yes" vote amends the Sign Ordinance to allow for assessment and collection of penalties consistent with state statute.

9. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE SIGN ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS: Amend Section XI to add an annual fee of \$50.00 for any real estate firm that displays signs within the Town of Rindge.

A "yes" vote amends the Sign Ordinance fee schedule to include fees for real estate signs.

10. Are you in favor of the adoption of the amendment proposed by the Planning Board for the Town of Rindge Zoning Ordinances and generally described as follows: Residential-Agricultural District Setbacks: Reduce the front yard building setback distance from 75 feet to 50 feet.

A "yes" vote amends the setbacks within the Residential-Agricultural District to allow for building construction 50 feet from the front property boundary rather than the current 75 feet.

11. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCES AND GENERALLY DESCRIBED AS FOLLOWS: Village Plan Alternative: Amend the Residential-Agricultural District to include a Village Plan Alternative as per RSA 674:21 "Innovative Land Use Controls" which, upon granting of a special exception by the Board of Adjustment allows a residential development to be located on 20 percent or less of the entire parcel, with the remaining land to be preserved by a conservation easement for agriculture, forestry, conservation or public recreation.

A "yes" vote amends the Residential-Agricultural District to allow for an Innovative Land Use Control as per state statute RSA 674:21 Village Plan Alternative. The Village Plan must keep the entire density on 20% or less of the parcel; must comply with the existing subdivision regulation for fire prevention, emergency access, public health and safety. Frontage, setbacks and lot size requirements may vary from the zoning ordinance. Village Plan Alternative may be allowed only by special exception by the Board of Adjustment.

2007 Town Warrant with Explanations

12. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCES AND GENERALLY DESCRIBED AS FOLLOWS:

Setbacks Changes: Amend the Commercial, Business Light Industry and College Districts by reducing the front yard building setback distance in each of these Districts from 75 feet to 25 feet.

A "yes" vote amends the Commercial, Business-Light Industry and College Districts to relax the front setback building requirement from 75 feet to 25 feet. This will allow greater flexibility for commercial and business development in these districts where new or existing access roads will provide frontage.

13. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCES AND GENERALLY DESCRIBED AS FOLLOWS:

West Rindge Village District: Amend the Town of Rindge Zoning Map by redefining and enlarging the West Rindge Village District.

A "yes" vote expands the existing West Rindge Village District to include lands on the west side of Route 202 and portions of lands south of Mountain Road. Maps are available on the Town website, Post Office, and Town Office. No change is proposed to the uses within the Village Districts.

14. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCES AND GENERALLY DESCRIBED AS FOLLOWS:

Gateway District: Amend the Town of Rindge Zoning Map by creating a new Gateway District and amending the zoning ordinance by adopting the new Gateway District, Article X, allowing for compact mixed use development (business, commercial and residential).

A "yes" vote establishes a new Gateway District as depicted on the proposed zoning map, available as noted above. The District would be included in the Zoning Ordinance. The purpose of creating the new District is to allow multiple uses and increased density consistent with the goals laid out in the Master Plan.

15. ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCES AND GENERALLY DESCRIBED AS FOLLOWS:

Business Light Industry District: Amend the Town of Rindge Zoning Map by redefining the Business Light Industry District.

A "yes" vote makes corrections to the Business Light Industry District to recognize existing uses. In addition, the boundary of the revised District will be expanded to the rear of property lines and include abutting properties as discussed in public hearing. The proposed map is available as noted above. No change is proposed to the uses within the Business Light Industry District.

16. Are you in favor of the adoption of the amendment proposed by the Planning Board for the Town of Rindge Zoning Ordinances and generally described as follows: Amend Article XI by adding the following paragraph: "The Board of Adjustment may grant Variances for the use of property in a way which is not permitted under the strict terms of the Zoning Ordinance. For a variance to be legally granted, an applicant must show that the proposed use meets all of the criteria required by law."

A "yes" vote clarifies that the Board of Adjustment may grant variances as allowed by law.

17. Are you in favor of the adoption of the amendment proposed by the Planning Board for the Town of Rindge Zoning Ordinances and generally described as follows: Amend Article XVIII by adding definitions for Agriculture, Concept Plan, Context Plan, Low Impact Uses, Mixed Use Development, Moderate to High Density Housing, and Village Plan Alternative.

A "yes" vote adds definitions to the Zoning Ordinance.

2007 Town Warrant with Explanations

18. Are you in favor of the adoption of the amendment proposed by the Planning Board for the Town of Rindge Zoning Ordinances and generally described as follows: Renumber and reorder the ordinance to correct cross reference information and make typographical corrections and clerical revisions as necessary.

A "yes" vote allows for administrative editing to the Zoning Ordinance. No substantive changes may be made through this provision.

19. Shall the Town vote to raise and appropriate the sum of Two Million Two Hundred Thousand Dollars (\$2,200,000) for the purpose of financing the construction and equipping of a new public safety building, on land owned by the Town, which will house the Town's public safety departments; with Three Hundred Thousand Dollars (\$300,000) to be withdrawn from surplus; and the balance of One Million Nine Hundred Thousand Dollars (\$1,900,000) to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33; to authorize the Board of Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Board of Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Board of Selectmen to take any other action or to pass any other vote relative thereto? (Three-fifths vote required) (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize the construction of a new public safety building for the Police and Fire Departments. The cost is \$2.2 million, with \$300,000 coming from surplus, and the remaining \$1.9 million to be bonded. A 20 year bond at 5% interest would result in an additional tax of \$105 on a \$300,000 house in 2008 (less in future years). There would be no impact on the 2007 tax rate.

20. Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling Three Million Two Hundred Forty-Seven Thousand Eight Hundred Seventeen Dollars (\$3,247,817)? Should this article be defeated, the default budget shall be Three Million Twenty-Six Thousand Forty-Five Dollars (\$3,026,045), which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: This warrant article (operating budget) does not include appropriations in ANY warrant article. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would approve the operating budget for the Town. If the article is defeated, the default budget (last year's budget with certain adjustments) goes into effect. The operating budget is 8% higher than last year's budget.

21. Shall the Town vote to raise and appropriate the sum of Thirty-Five Thousand Dollars (\$35,000) to be added to the following funds previously established: Ten Thousand Dollars (\$10,000) into the Fire Department Equipment Capital Reserve; Twenty Thousand Dollars (\$20,000) into the Revaluation Capital Reserve; Five Thousand Dollars (\$5,000) into the Meetinghouse Maintenance Expendable Trust Fund. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize the following:

- * \$10,000 being added to the Fire Department Capital Reserve. There is \$81,750 in there now, and the Capital Improvements Plan includes the replacement of a truck (26M2) in 2011 for approximately \$250,000.
- * \$20,000 being added to the Revaluation Capital Reserve. There is \$16,433 in there now, and the Capital Improvements Plan includes a revaluation in 2010 for approximately \$100,000.
- * \$5,000 being added to the Meetinghouse Maintenance Expendable Trust Fund. There is \$9,670 in there now, and the Meetinghouse Oversight Committee anticipates doing several projects, including the insulation of the crawl space and repair of the attic floor.

2007 Town Warrant with Explanations

22. Shall the Town vote to establish a capital reserve fund, under the provisions of RSA 35:1, for the purpose of a Master Plan and to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund; and to name the Planning Board and Board of Selectmen as agents to expend from this fund? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize the creation of a new capital reserve fund and add \$5,000 to the fund to save for a revision of the master plan, planned for 2011 in the Capital Improvements Plan.

23. Shall the Town vote to raise and appropriate the sum of Two Hundred Sixty-Eight Thousand Dollars (\$268,000) for the purpose of financing the construction of a new recreational facility and related septic system on the Town-owned Wellington Field; and authorize the withdrawal from the Recreation Facilities Capital Reserve Fund the sum of Forty Thousand Dollars (\$40,000); and authorize the withdrawal from the Recreation Facilities Impact Fee account the sum of Eleven Thousand Six Hundred Twelve Dollars (\$11,612); to authorize the acceptance of Eighty Thousand (\$80,000) from grants or donations. This article is contingent upon receipt of Eighty Thousand (\$80,000) being raised from grants and/or donations. Donated labor and equipment will be utilized to further offset the cost of this project. This shall be a non-lapsing appropriation until December 31, 2012 or when the project is complete, whichever is sooner. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize the construction of a new recreation building and septic system at Wellington Park. \$268,000 is the total cost of the building project -- of that, \$40,000 is coming out of savings; \$11,612 is coming from impact fees collected; and \$80,000 is coming from donations already received. Donations of labor valued at \$41,000 further reduce the amount to be raised by taxes to less than \$100,000.

24. Shall the Town vote to raise and appropriate the sum of Eighty Thousand Dollars (\$80,000) for the purpose of purchasing a plow truck with a plow, sander, and associated accessories, to be offset by approximately Twenty Thousand Dollars (\$20,000) from trading the current truck? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would authorize the purchase of a new plow truck. The Highway Department would trade the 1999 Ford F350 one-ton plow truck, which has had numerous mechanical problems (because it is undersized), for a new GMC 5500 with a plow package/sander. This should improve the efficiency of the Department's snow removal operation, especially on gravel roads.

25. Shall the Town vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) for the purpose of retrofitting the exit door downstairs in the Town Library children's room, installing a new safety railing, and replacing the existing entrance door from the parking lot, in order to address certain fire and safe exit issues and meet public safety code requirements, and authorize this amount to be withdrawn from the Library Construction and Renovation Capital Reserve Fund? (Recommended unanimously by the Board of Selectmen) (Not recommended by the Budget Advisory Committee, 4 to 3)

A "yes" vote would authorize the withdrawal of \$20,000 from the Library Capital Reserve Fund for a new railing, door, and repairs at the Town Library, which are necessary to meet public & life safety codes.

2007 Town Warrant with Explanations

26. Shall the Town vote to discontinue the following capital reserve funds with said funds and accumulated interest to date of withdrawal to be transferred to the municipality's general fund? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)
- a. Municipal Buildings(approx. balance \$235,000)
 - b. Library Renovation(approx. balance \$90,000)
 - c. Tennis/ Basketball(approx. balance \$1,700)

A "yes" vote would authorize the withdrawal of all funds in these "savings" accounts, which would then be closed. The money would go into "surplus" where it could be used to offset the cost of current projects, including the public safety building, and to reduce the tax rate.

27. Shall the Town vote to establish a capital reserve fund, under the provisions of RSA 35:1, for the purpose of renovations and future expansion of the Town Library and to raise and appropriate the sum of One Hundred Dollars (\$100) to be placed in this fund? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 4 to 3)

A "yes" vote would authorize the re-establishment of the fund (that would be discontinued if the prior article passes) and add \$100 to it, to begin saving for a possible expansion in 2013 or later.

28. Shall the Town vote to authorize the Selectmen to enter into a five year lease/purchase agreement to purchase a new backhoe for the Highway Department in the amount of Ninety-Eight Thousand (\$98,000), and further to raise and appropriate Thirty-Seven Thousand Five Hundred Dollars (\$37,500) for the first year's payment with Twenty Thousand Dollars (\$20,000) to come from trading in the current backhoe, and Seventeen Thousand Five Hundred Dollars (\$17,500) to come from general taxation; and the balance to be payable over a term of five years at approximately Seventeen Thousand Five Hundred Dollars (\$17,500) per year. (3/5 ballot vote required) (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 5 to 2)

A "yes" vote would authorize the lease/purchase of a new backhoe. The Highway Department plans to trade in its 1998 New Holland backhoe, which has had numerous mechanical problems, for a new John Deere backhoe. The John Deere would be leased for five years, at 5 ¾ % interest. Since it is a capital lease, without an escape clause, future payments would not have to be approved by the voters.

29. Shall the town vote to increase the exemption amounts for the disabled, which shall be subtracted each year from the assessment on the disabled person's residential property prior to calculating the tax, from \$25,000 to \$100,000; further, to increase the income limits from \$18,940 to \$25,000 for single persons and from \$27,072 to \$35,000 for married couples; and further, to increase the asset limit from \$50,000 to \$150,000? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize an increase in the Disabled exemption from \$25,000 to \$100,000, which is the same amount the Elderly (ages 65-74) receive. It would also change the income and asset limits, so they are the same as those for the Elderly Exemption.

30. Shall the Town vote to collect an additional registration fee of Zero Dollars (\$0) per vehicle for the purpose of supporting a municipal transportation fund and to establish a capital reserve fund for this purpose, with the Selectmen as agents to expend from the fund? This fund would allow the Town to fund, wholly or in part, improvements in the local transportation system, including roads, bridges, and pedestrian facilities, parking or public transportation per RSA 261:153.

A "yes" vote means nothing. This article would have allowed the Town to collect \$5 more on vehicle registrations, but the article was amended at the Deliberative Session.

2007 Town Warrant with Explanations

31. Shall the Town vote to authorize the Selectmen to enter into a three year lease/purchase agreement to purchase and equip a new 4-Wheel Drive Vehicle for the Police Department in the amount of Twenty-Four Thousand Three Hundred Fifty-Two Dollars (\$24,352), and further to raise and appropriate Thirteen Thousand Dollars (\$13,000) for the first year's payment with at least Three Thousand Dollars (\$3,000) to come from trading in the Ford Explorer, and the remaining Ten Thousand Dollars (\$10,000) to come from general taxation; and the balance to be payable over a term of three years at approximately Eight Thousand Seven Hundred Eighty-One Dollars (\$8,781) per year. This lease agreement contains an escape clause. (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 5 to 2)

A "yes" vote would authorize the lease/purchase of a new 4-Wheel Drive Vehicle. The Police Department plans to trade in the 1999 Ford Explorer for a new Ford Expedition. The vehicle would be leased through Ford Motor Credit. Since there is an escape clause in the lease, each annual payment must be approved by Town Meeting.

32. Shall the Town vote to raise and appropriate the sum of Twenty-Four Thousand Dollars (\$24,000) for the purpose of conducting a feasibility study of a Senior Housing Project on town property (Map 28, Lot 13) off of Payson Hill Road, with Twelve Thousand Dollars (\$12,000) that may be offset by a Community Development Block Grant? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would authorize spending \$24,000 on a feasibility study. Southwest Community Services is interested in building a senior housing project on town land. This study would determine if the land is suitable for the project. A Community Development Block Grant may offset half of the cost, if it's awarded to the Town.

33. Shall the Town vote to enter into a long term lease with Southwestern Community Services of Keene, New Hampshire or its designee as tenant, for a portion of the town-owned property off Payson Hill Road for a Senior Housing Project, and to authorize the Selectmen to negotiate the rental rate and other terms of the lease. (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would authorize the Selectmen to lease town property to Southwest Community Services to build a senior housing project. The Town would receive taxes on the building.

34. Are you in favor of appointing the Welfare Director, rather than electing one annually? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would authorize the Selectmen to appoint a Welfare Director, effective next year. The position has many statutory responsibilities. The Selectmen would be responsible for appointing a person who is qualified and ensuring that all of the duties are being fulfilled.

35. Shall the town discontinue the elected constable position? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would discontinue the Constable position. Larry Harris has been the Town's Constable for 16 years. State statute requires that he retire at age 70, which he'll be this year. This article would retire the position with Larry.

36. Shall we adopt the provisions of RSA 79-A: 25-a; to account for revenues received from the land use change tax in a fund separate from the general fund? Any surplus remaining in the land use change tax fund shall not be part of the general fund until such time as the legislative body shall have had the opportunity to appropriate a specific amount from the land use change tax fund for any purpose not prohibited by the laws or by the constitution of this state. After an annual meeting any unappropriated balance of the land use change tax revenue received during the prior fiscal year shall be recognized as general fund revenue for the current fiscal year. (By petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended unanimously by the Budget Advisory Committee)

A "yes" vote would authorize the establishment of a fund where any land use change tax revenue that does not go to the Conservation Fund would be deposited. An article would be placed on the warrant each year, at Town Meeting, to determine how the revenue in the fund would be spent. Any amount not appropriated for a specific project would go to the General Fund.

2007 Town Warrant with Explanations

37. Shall the Town vote to change the amount of the land use change tax given to the conservation fund to 50% in accordance with RSA 79-A:25, IV?(By petition) (Not recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 4 to 3)

A "yes" vote would authorize the reduction in the amount of land use change tax money going into the Conservation Fund each year from 100% to 50%. The Conservation Fund can be used for purchasing land / easements or conducting studies.

38. Are you in favor of increasing the Board of Selectmen to 5 members per RSA 41:8-b?(By Petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended by the Budget Advisory Committee, 5 to 2)

A "yes" vote would authorize an increase in the number of Selectmen from 3 to 5. It would not take effect until next year's Town Meeting, when 2 members would be elected for a 3-year term and one member would be elected for a 1-year term.

39. Are you in favor of electing the Rindge Zoning Board of Adjustment consisting of 5 members such that when the term of each appointed member expires, each new member shall be elected at the next regular municipal election for the term provided under RSA 673:5, II? (By petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended by the Budget Advisory Committee, 6 to 1)

A "yes" vote would authorize a change in the membership of the Zoning Board of Adjustment from appointed to elected. It would not take effect until next year's Town Meeting. The initial terms of members first elected will be staggered so that no more than 2 elections occur annually, except when required to fill vacancies

40. Shall the town revoke the authority granted to the Selectmen under RSA 31:95-b, which authorized the Selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year?(By petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended unanimously by the Budget Advisory Committee)

A "yes" vote would prohibit the Selectmen from accepting and spending money that becomes available during the year and hasn't been budgeted for – including grants. Currently, the selectmen can accept and spend unanticipated revenue, after holding a public hearing and receiving citizen input. Town Counsel writes, "This is a validly worded warrant article, but won't the Town be shooting itself in the foot if it passes?"

41. Please be advised that we as taxpayers of Rindge, N.H.: hold Joseph Hill and other members of the board of adjustment accountable for their action in denying Home Depot A permit to construct a facility in said town. We further believe that any legal expenses brought about by Home Depot against the property owners of Rindge, should first be born by the members of the board of adjustment and their chairman.(By petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended unanimously by the Budget Advisory Committee)

A "yes" vote would have no effect. Town Counsel writes, "This proposed warrant article is completely illegal. By law, members of a Land Use Board, like all individuals in positions of responsibility for this type of decision making, cannot be financially penalized by those who disagree with a position. If this were possible, no one would be willing to sit on a Land Use Board."

42. We ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions. (By petition) (Recommended unanimously by the Board of Selectmen) (Not recommended by the Budget Advisory Committee, 4 to 3)

A "yes" vote would advise the Selectmen to consider appointing an Energy Committee. This petitioned article was a resolution, but it was amended at the Deliberative Session.

2007 Budget (MS-6)

Minutes of the 2006 Annual Town Meeting

Town Meeting/Deliberative Session – Saturday, February 11, 2006

Town Election – Tuesday, March 14, 2006

Registered Voters – 4,324 Ballots Cast – 1,512

Town Moderator, David M. Tower called the meeting to order at 9:10 a.m. He introduced Girl Scouts Colleen Keegan and Kaelee Tanner and then led the meeting to the Pledge of Allegiance. After the Pledge, vocalist Chad Straight sang the Star Spangled Banner. Mr. Tower introduced himself and then introduced the Governing Body: Town Administrator; Edgar Gadbois, The Board of Selectmen; James Leger, Arthur Fiorelli and Timothy Halliday. Town Clerk; Nancy Martin, Budget Advisory Committee; David DuVernay, Tony D'Ambrosio, Walter Wright and Jacob Pyhala. He introduced Police Chief Michael Sielicki, Fire Chief Rickard Donovan, Director of Public Works/Road Agent Robert Forrest, Planning Director Joanne Carr and Recreation Director Robert Clark. Nicole Sesia and Zachary Clark were the microphone runners. Mr. Tower also mentioned the Woodbound Inn donated the refreshments that were available to everyone out in the hallway.

Article 1.

To choose all necessary Town Officers for the year ensuing. (By Official Ballot)

Selectman – 3 Yrs – Patricia Lang Barry - 760
Moderator – 2 Yrs – David M. Tower - 1,090
Planning Board – 3 Yrs – Jed Brummer - 810
Planning Board – 3 Yrs – Deborah L. Sawyer - 758
Planning Board – 2 Yrs – Kim McCummings - 521
Planning Board – 1 Yr – John Vorfeld - 627
Budget Advisory Committee – 3 Yrs – David G. Drouin - 894
Budget Advisory Committee – 3 Yrs – David DuVernay - 716
Trustee of Trust Funds – 3 Yrs – Marilynn Randall Vagalebre – 1,144
Library Trustee- 3 Yrs – Keith Halloran - 529
Library Trustee – 3 Yrs – Nancy E. Little – 1,064
Supervisor of the Checklist – 6 Yrs – Idamae Harman – 1,173
Supervisor of the Checklist – 4 Yrs – Amy Raymond – 1,231
Overseer of Welfare – 1 Yr – Julie Labonte – 1,050
Town Constable – 1 Yr – Lawrence Harris – 1,235

Article 2.

ARE YOU IN FAVOR OF THE ADOPTION OF AMENDMENT NO. 1 AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS:

Amend the Impact Fee Ordinance the effect of which is to apply the Impact Fee Schedule to all types of development including residential, commercial and business/light industrial. The current Impact Fees are only applied to residential development.

YES 1059 NO 315

Article 3.

ARE YOU IN FAVOR OF THE ADOPTION OF AMENDMENT NO. 2 AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS:

Add an Appendix to the Impact Fee Ordinance relative to the structural classification of dwelling units for the purpose of determining Impact Fee Assessments.

ARE YOU IN FAVOR OF THE ADOPTION OF AMENDMENT NO. 7 AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS:

Amend Article IX – Nonconforming Uses and Buildings by deleting item F, which requires merging certain adjacent non-conforming lots, in its entirety.

YES 611 NO 796

Article 9.

ARE YOU IN FAVOR OF THE ADOPTION OF AMENDMENT NO. 8 AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS:

Amend Article IX – Non-conforming Uses and Buildings by deleting item G, which prohibits building on certain non-conforming lots transferred since 3/12/91, in its entirety.

YES 612 NO 795

Article 10.

ARE YOU IN FAVOR OF THE ADOPTION OF AMENDMENT NO. 9 AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN OF RINDGE ZONING ORDINANCE AND GENERALLY DESCRIBED AS FOLLOWS:

Amend the Wetland Conservation District Ordinance to correct Section 9. Enforcement. The purpose of which is to identify the Zoning Board of Adjustment as the appealing authority.

YES 1176 NO 261

Article 11.

To see if the Town will vote to raise and appropriate the sum of Three Million Eight Hundred Thousand Dollars (\$3,800,000) for the purpose of financing the construction and equipping of a new public safety building on land owned by the Town, which building will house the Town's police department, fire department, and ambulance; said sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33; to authorize the Board of Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Board of Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Board of Selectmen to take any other action or to pass any other vote relative thereto? (Three-fifths ballot vote required) (Recommended by the Budget Advisory Committee, 6 in favor, 1 against)

Mr. Tower recognized Edgar Gadbois to speak on the article, after a brief explanation, Edgar then recognized Jacob Pyhala, Jacob said that before he became a member of the BAC he was opposed to the idea of the Public Safety

Minutes of the 2006 Annual Town Meeting

Building but now that he has actually worked with the committee he sees the dire need for the facilities and he totally recommends the article. Fire Chief Donovan and Police Chief Sielicki, had a film presentation for the meeting to view, showing the Life Safety Violations as well as Building Code Violations the current buildings present. Nancy Little asked if the current building is now used for an All School Evacuation and if not what is used. Rick replied that right now the Library and the Meeting Hall are used for such purpose because the current facility is not large enough to accommodate a large amount of people, the new building would be used and they would have an Emergency Communication Center as well. Skip Marsh asked if there are any plans for Homeland Security. Rick said that the new facility would be able to maintain and man an emergency operation center which they currently do have but it does not meet the criteria that Homeland Security and FEMA is looking for, currently we do not have the area to accommodate either agency to set up communications. Chief Sielicki stated that when the Town of Alstead had their disaster the Town of Rindge was not able to communicate with them, the new building would have the capability to communicate in a disaster. The Chief said he is already in communication with the State Police about getting an on line telecommunication center, which we can get free for two years and after that we would pick up the cost of that. Chief Donovan stated that Homeland Security and FEMA wants the Emergency Management Directors to be self efficient for at least three days because it would take that time for the agencies to get everyone up to capability. Dan Whitney asked if the Town doesn't vote for the new building what is required to keep the current building up to standards and is that money in the budget. Chief Donovan stated he would have to come back to Town Meeting next year with the same building proposal but probably a lot more money as well as a backup warrant article to pay for modifications on the current building if the original article is not passed. Chief Sielicki stated that when they had contractors looking at the current buildings they were told either bulldoze both down or come up with at least a million dollars to bring them up to code but it would not fix the need for more space. Dave DuVernay asked Rick to talk about the grant for a ladder truck, Chief Donovan said there is a grant for a five hundred gallon water tank, pump engine ladder truck with a 75' aerial device, the match would be a 95/5 match whereas in the years before it was a 90/10. He was not able to apply for the grant because they would not have any place to put the new truck, but if the article is approved he will go after the grant for the truck. There were no changes to article, article 11 will be on the ballot as written. There was a motion to restrict reconsideration with a second, a vote was taken, the motion passed.

YES 646 NO 835

Article 12.

To see if the Town will vote to raise and appropriate the sum of Two Hundred Thirty Thousand Dollars (\$230,000) for the purpose of financing the construction of a new recreational facility and related septic system on the Town-owned Wellington Field; said sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33; to authorize the Board of Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Board of Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Board of Selectmen to take any other action or to pass any other vote relative thereto? (Three-fifths vote required) (Recommended by the BAC, 5 in favor, 0 against)

Mr. Tower recognized Rob Clark, Recreation Department Director, Rob outlined article 12, explained the need for the new facility at Wellington Field. He stated the porta potties at Wellington are often vandalized, the vendors that come to clean do not always keep up with them therefore they are unsanitary and inadequate. He stated their storage area is now in a trailer at the Town Office which is not heated and leaks, some things are also stored at the Fire Dept and some at home. We have a need for a community room, we have no shelter at Wellington Park, there is no function space, there are have up to 65 kids in the summer program, there is just the Pavilion used for shelter, there is no safe, secure environment for the kids if the weather changes as it does so frequently in Southern N.H. We have to transport the kids in our 15 passenger van to the RMS when the weather changes. We need a safe indoor location for day camp with a function room for events. Currently there is a need for a function room for community events for preschoolers, teens, adults and senior citizens. Scott Douglas asked if the plan included a sprinkler system, Rob stated that it would be included in the final design. Scott asked if there were enough money within the \$230,000.00 to include the sprinkler system and if not what would have to be given up in order to put in a \$15,000.00 sprinkler system? Rob said that decision would be made after the final design and they would also need to make sure that they are within code and are ADA compliant. Scott asked in regard to ADA compliant, how would someone with a wheelchair get to the second floor? Rob said they would look into an elevator (which would be costly) also a chair that would go up the stairs, which would be ADA compliant. Rob commented that the second floor was phase 2 but the first floor would be handicap accessible. Ed Lamoreaux commented that the common area upstairs would be large enough to use for a

Minutes of the 2006 Annual Town Meeting

wedding reception, family reunion and so forth. Carl Little commented that when we have new people move into town the Recreation Dept. is the first Dept. that feels the effect of the expanding community because if the new people have children they go to the Recreation Dept, Carl said he feels it is a very necessary step in the community. After more questions and comments from the floor, there were no changes the article, article 12 will be on the ballot as written.

YES 746 NO 720

Article 13.

Shall the Town rescind the provisions of RSA 40:13 (known as SB 2), as adopted by the Town of Rindge on March 8, 2005, so that the official ballot will no longer be used for voting on all questions, but only for the election of officers and certain other questions for which the official ballot is required by state law? (By Petition) (Three-fifths ballot vote required) (Recommended by the Board of Selectmen, 2 in favor, 1 against) (Recommended by the Budget Advisory Committee, 5 in favor, 2 against)

Mr. Tower recognized Ed Lamoreaux; Ed stated that last year people weren't aware they were voting to rescind Town Meeting that is why he put the petition out. Ed said he feels Town Meeting is important to keep democracy alive, and he knows many other people feel the same way. Al Lefebvre said he was confused by the position of the Selectmen, the article says they are not recommending it but it shows that two are in favor and one against, that looks like they are against the article. Art Fiorelli explained that the motion made by the Selectmen was not to recommend it, that vote was 2 in favor and 1 against, was on the motion to not recommend it, not on the rescission of SB2. Shirley Carney said she still was not clear on what the position of the Selectmen was, Art again stated it was the way the motion was made, the motion should have been to rescind (or to approve) SB2, then the vote would have been 2 in favor and 1 against. Dick Isakson stated he feels it will be very confusing when people go to the ballot box and think the Selectmen are not in favor of this article, there should be some way to word the article to show there are 2 Selectmen in favor of the article to pass. Judy Unger-Clark asked if the petitioner change the wording on the article, if the wording were "Shall the Town vote to reinstate Town Meeting", she asked the petitioner to make an amendment to re-write the article. Dave Tower stated that there are certain questions that must remain in their statutory form and he feels this may be one of them. Dave DuVernay concurred. Tony D'Ambrosio asked if the explanatory comment could be made clearer, then the people would understand what they are voting for. Ed Lamoreaux asked if there were any way for the motion/question to be amended? Dave Tower said there was not, Ed then asked if there could be an addendum to the question because he feels people would be more confused this year than last year. Judy Unger-Clark made a motion to change the Selectmen's wording to "voting in favor of this article will return us to traditional town meeting", with a second. Dave was informed that the explanation would not be on the ballot, he then recognized Jim Leger, Jim made a motion to change the wording in the explanation and that there would be a mailing sent out to explain each article, with a second. Art Fiorelli made a motion to make an amendment to add to the explanation "a yes vote on this article will return the town to the traditional town meeting" with a second. Dan Whitney made a motion to change the wording to say "a yes vote on this article will return the town to traditional town meeting, a no vote would be to maintain the SB2 format", with a second. A voice vote was taken on Dan's motion, it was accepted, the explanatory language will be sent out with the mailing. Al Lefebvre made a motion to restrict reconsideration on all previous articles with a second, a vote was taken, and reconsideration was restricted. Art Fiorelli made a motion to reconsider the Selectmen's recommendation on the article, with a second. Art asked if the Selectmen could take a new vote to change their recommendation. A vote was taken by the Selectmen to reconsider their recommendation, 2 in favor, 1 opposed. Art made a motion to change their recommendation "shall the Selectmen recommend article 13 to the Town of Rindge?" with a second, 2 in favor, 1 opposed. There were no changes to the article; article 13 will be on the ballot as written.

YES 562 NO 905

Article 14.

Shall the Town vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$2,998,834? Should this article be defeated, the default budget shall be \$2,999,052, which is the same as last year, with certain adjustments required by previous action of the Town or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: This warrant article (operating budget) does not include appropriations in ANY warrant article. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Minutes of the 2006 Annual Town Meeting

Mr. Tower recognized Edgar to commented on the article, he stated that this budget would not raise any taxes in terms of the operation of the general government of the town, the town will raise less taxes to operate the police, fire, highway departments and the general government operation of the town, the budget is more than a balanced budget it is a reduced budget in terms of the impact of your tax bill. The issue of the default budget being higher than the 2006 operating budget is due to the Selectmen maintaining and reducing additional cost that would normally taken place in 2006. After many questions and comments from the floor there were no changes to the article, article 14 will be on the ballot as written.

YES 1040 NO 412

Article 15.

Shall the Town vote to raise and appropriate the sum of Ninety Thousand Dollars (\$90,000) to be added to the following funds previously established: Thirty Thousand Dollars (\$30,000) to be placed in the Fire Department Capital Reserve Account, Fifty Thousand Dollars (\$50,000) to be placed in the Library Capital Reserve Account, and Ten Thousand Dollars (\$10,000) to be placed in the Revaluation Capital Reserve Account? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Edgar to give a brief explanation of the article. Mr. Tower recognized Scott Douglas, Scott asked if there were deposits to the Capital Reserve Accounts within the budget? Edgar Gadbois told him there was not, he asked if the \$150,000 or so that was built in our base budget no longer exist and the only money that is going into Capital Reserves is in this warrant article? Edgar agreed. Dave DuVernay explained that there was currently \$433,439.00 in the CIP for various uses, the CIP Committee recommended that there be another \$90,000.00 to be put in and the Town was not operating without reserves. There were no changes to the article, article 15 will be on the ballot as written. There was a motion to restrict reconsideration on all previous articles with a second, a vote was taken, the motion passed.

YES 884 NO 580

Article 16.

Shall the Town vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be added to a previously established fund known as the Meetinghouse Maintenance Fund? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Edgar to speak on the article, Edgar stated that the money is there to be used for maintaining the Meeting House. There were no changes to the article; article 16 will be on the ballot as written.

YES 1010 NO 444

Article 17.

In the event that the proposed 2006 operating budget is defeated, shall the town vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for the purchase of fireworks and other incidental expenses in connection with the planned July 4th Celebration to be held in the Town of Rindge? (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 4 in favor, 3 against)

Mr. Tower recognized Edgar to comment, Edgar stated that the \$5,000.00 was already in the operating budget but if the operating budget was defeated there would be no money in the default budget for the funding of the 4th of July Celebration. Jason Czekalski stated the default budget had more money in it than the proposed operating budget, he felt this was an effort to "pad" the budget. Dave DuVernay reminded Jason that the default budget was only \$218.00 higher. Art Fiorelli stated that if an item was not included in the 2005 budget it would not be included in the default budget. There were no changes to the article; article 17 will be on the ballot as written.

YES 885 NO 581

Article 18.

Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, the Recycling Program, the sum of Seven Thousand Dollars (\$7,000) for one container which will be used for recyclable items? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Minutes of the 2006 Annual Town Meeting

Mr. Tower recognized Jim Leger, Jim made a motion to make an amendment to the article to read; \$10,000.00 for two containers, with a second. Jim stated that after the Selectmen had a discussion with Robert Forrest, Public Works Director, Robert indicated the Town could use more than one recycling bin and it would be more beneficial and less costly to purchase two containers instead of one. Dave took a voice vote, the motion to amend passed, the article was amended. Peter Sherwin asked if we get any money back from the aluminum to go back to the Town, Edgar stated we do not because we don't separate the recyclables ourselves it is done at the recycling center in Keene so they do all the work to separate. Tony D'Ambrosio reminded everyone that while we don't get money back we are also spending much less now with the new system. The amended article would now read "Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, the Recycling Program, the sum of Ten Thousand Dollars (\$10,000.00) for the purchase of two containers which will be used for recyclable items?"

YES 1051 NO 426

Article 19.

Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, the Town Library, the sum of up to One Ninety-Five Thousand Dollars (\$195,000) for the purpose of building a new parking lot and a septic system? (Recommended unanimously by the Board of Selectmen) (Budget Advisory Committee, 2 in favor, 2 against)

Mr. Tower recognized Flo Marsh, Library Trustee, Flo made a motion to amend article 19 to read; the sum of up to One Hundred Thirty Thousand Dollars (\$130,000.00) for the purpose of building a new parking lot and a septic system, with a second. Flo explained that the bid they got was lower than they had first expected. A voice vote was taken; the motion passed the article was amended. Jim Leger asked the BAC if they would like to change their recommendation on the article with the new amendment, the BAC took a vote to change their recommendation, 5 in favor, 2 against. The amended article would now read " Shall the Town vote to raise and appropriate and authorize from the Capital Reserve fund established for this purpose, the Town Library, the sum of up to One Hundred Thirty Thousand Dollars (\$130,000.00) for the purpose of building a new parking lot and septic system?" There was a motion to restrict reconsideration with a second; a vote was taken the motion passed.

YES 830 NO 622

Article 20.

Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, Municipal Buildings, the sum of Fourteen Thousand Dollars (\$14,000) for the purpose of upgrading the electrical service and installing security devices in the Town Office building, located at 30 Payson Hill Road? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Edgar to comment on the article, Edgar stated that the electrical service was in need of an upgrade with more computers and office equipment in the town office and that a "panic button" would be installed to directly connect the town office with the Police Department for security purpose. Jason Czekalski commented that there should also be a panic button for voters and taxpayers to protect them from rude and abusive employees in town and he felt it was a lot of money for such a service. Edgar stated it was Eleven Thousand for the upgrade to the electrical system and Three Thousand for the security system he also stated that the Selectmen have adopted a policy whereby one can file a complaint and deliver it to the Administrators office to be addressed. A motion was made to amend the article to read; Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, Municipal Buildings, the sum of Eleven Thousand Dollars (\$11,000) for the purpose of upgrading the electrical service in the Town Offices located at 30 Payson Hill Rd, with a second. Dave DuVernay stated that there were a number of secretaries who felt they have been threatened by some citizens that come into their office and feels the elimination of the "panic button" is ill conceived. Jeanne Carguillo stated she felt it would be wise to spend the extra Three Thousand Dollars just to provide piece of mind to Town employees. Dave took a vote on the original motion to amend article 20, the motion to amend failed. Scott Douglas made a motion to amend the original article to add the following, "and to connect to a 24 hour monitoring service", with a second. A vote was taken the motion to amend passed. The amended article would read "Shall the Town vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose, Municipal Buildings, the sum of Fourteen Thousand Dollars (\$14,000.00) for the purpose of upgrading the electrical service and installing security devices to the Town Office building, located at 30 Payson Hill Road, and to connect to a 24 hour monitoring service?"

Minutes of the 2006 Annual Town Meeting

YES 813 NO 641

Article 21.

In the event that the proposed 2006 operating budget is defeated, shall the Town vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be utilized by the Master Plan Steering Committee as directed by the Planning Board for professional services (consultant) to assist the Board in updating its 1990 Master Plan? The updated plan will serve as a guide in considering policy changes, land use planning, budget preparation, and capital improvement planning for the Town's future. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Edgar to comment, Edgar stated the money is in the operating budget of 2006 but would not be available in the default budget. There were no changes with the article; article 21 will be on the ballot as written.

YES 709 NO 721

Article 22.

To see if the Town will vote to create a revolving fund pursuant to RSA 31:95-h for the purpose of police special details. All revenues received for police special details will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the town's general fund unreserved fund balance. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created, namely to pay police officers' wages and benefits and vehicle expenses associated with police details. (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Edgar to comment on the article, Edgar stated the establishment of this revolving fund would improve the bookkeeping of revenues produced and expenditures incurred from police details. It guarantees that there will be no financial impact on the Town's tax rate. There were no changes to the article; article 22 will be on the ballot as written.

YES 960 NO 488

Article 23.

Shall the Town vote to pass the following non-binding resolution, which reads, "The Town should make a serious effort to attract senior housing to the Town of Rindge"? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Dick Isakson, Dick stated the Senior Citizen Committee started about 3 or 4 years ago, at that time the zoning needed to be changed to allow senior housing in certain areas of town, the zoning was voted to be changed and the Committee is looking for confirmation from citizens in town that they are interested and if they are it allows them to proceed on. They have been working with South West and the fact that SW could bring senior housing to town at no cost. There were no changes to the article; article 23 will be on the ballot as written.

YES 905 NO 516

Article 24.

Shall the town elect a Code Enforcement Officer to replace the present appointed Code Enforcement Officer; with said officer to be elected annually by ballot; and shall the elected Code Enforcement Officer receive the same pay and benefits as the present appointed Code Enforcement Officer, with periodic adjustments to be made by the Selectmen comparable to such adjustments provided to other town employees; and shall the elected Code Enforcement Officer have the same authorities, duties, and responsibilities as were set in place for the appointed Code Enforcement Officer on or before 12/31/2005, with the elected Code Enforcement Officer being allowed to accept additional authorities, duties, and responsibilities as they see fit; and shall the Town Moderator appoint an Interim Code Enforcement Officer to serve until the Town election in 2007? (By Petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Jason Czekalski, Jason moved to make a motion to amend article 24 to strike out the last sentence with a second. Dave then took a voice vote on the amendment by Jason, the motion to amend the article failed. Kathy John made a motion to amend the article to say "shall the town continue to appoint a Code Enforcement Officer, striking the line "to replace the present Code Enforcement Officer" with a second. Art Fiorelli

Minutes of the 2006 Annual Town Meeting

said he believes that there would have to be more changes to the wording for the amendment. MaryAnn Harper made a motion to vote Kathy John's motion down and leave this article and the following article as written, with a second. Dave took a voice vote, the motion passed, article 24 will be on the ballot as written.

YES 707 NO 738

Article 25.

Shall the town elect a Town Administrator to replace the present appointed Town Administrator; with said Town Administrator to be elected annually by ballot; and shall the elected Town Administrator receive the same pay and benefits as the present appointed Town Administrator, with periodic adjustments to be made by the Selectmen comparable to such adjustments provided to other town employees; and shall the elected Town Administrator have the same authorities, duties, and responsibilities as were set in place for the appointed Town Administrator on or before 12/31/2005, with the elected Town Administrator being allowed to accept additional authorities, duties, and responsibilities as they see fit; and shall the Town Moderator appoint an Interim Town Administrator to serve until the Town election in 2007? (By Petition) (Not recommended unanimously by the Board of Selectmen) (Not recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Jason Czekalski, Jason read article 25 and stated that he feels there are too many out of state or out of town people in main positions in town. He said he feels there is a growing dissatisfaction by citizens in town of having outsiders telling us how to run our town, he said there are more than enough qualified people in town that could take these positions. Jason said that under the current administration there is a real problem trying to get information out of the Town Offices, if a Town Administrator had to answer to the voters, they would be a lot more forthcoming with our request because we could get rid of them. Craig Clark says he disagrees with Jason, he stated the Town Administrator has to answer directly to the Selectmen, so Jason's gripe should be with the Selectmen, Craig stated to elect an administrator would not be the way to go because the administrator needs to be above politics and to be trained fully with a working knowledge of the town. After comments from the floor there were no changes made to the article, article 25 will be on the ballot as written.

YES 629 NO 805

Article 26.

Shall the Town vote to designate Fitzgerald Road, from Cathedral Road to Drag Hill Road, as a scenic road pursuant to RSA 231:157 and 231:158? (By Petition) (Recommended unanimously by the Board of Selectmen) (Recommended by the Budget Advisory Committee, 6 in favor, 1 against)

Mr. Tower recognized Edgar Gadbois, Edgar explained that the article would prohibit tree cutting and removal or alteration of any stone walls by the town without a prior Planning Board approval, except in the case of an emergency, it would not limit the rights of any land owner abutting the road. Dave then called on Craig Clark, Craig stated he lives on the road in question and he knows that people owning homes there want to preserve the rural nature of Fitzgerald Road. There were no changes to the article; article 26 will be on the ballot as written.

YES 881 NO 548

Article 27.

Shall the town vote to increase the exemption amounts for the elderly, which shall be subtracted each year from the assessment on the elderly person's residential property prior to calculating the tax, from \$50,000 to \$100,000 for persons ages 65-74, from \$70,000 to \$140,000 for persons ages 75-79, and from \$100,000 to \$200,000 for persons ages 80 and over; further, to increase the income limits from \$18,940 to \$25,000 for single persons and from \$27,072 to \$35,000 for married couples; and further, to increase the asset limit from \$50,000 to \$65,000? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

Mr. Tower recognized Dave DuVernay, Dave explained that there were many elderly people that now have a property tax bill where they did not have one before the revaluation and having the unexpected tax bill is a burden on them. Chuck Mathis made a motion to amend the article to increase the asset limit from \$50,000.00 to \$150,000.00, with a second. Dave Tower took a voice vote on the motion, the motion to amend passed. The amended article would now read " Shall the town vote to increase the exemption amounts for the elderly, which shall be subtracted each year from the assessment on the elderly person's residential property prior to calculating the tax, from \$50,000 to \$100,000 for persons ages 65-74, from \$70,000 to \$140,000 for persons ages 75-79, and from \$100,000 to \$200,000 for persons

Minutes of the 2006 Annual Town Meeting

ages 80 and over; further, to increase the income limits from \$18,940 to \$25,000 for single persons and from \$27,072 to \$35,000 for married couples; and further, to increase asset limits from \$50,000.00 to \$150,000.00?"

YES 1267 NO 182

Article 28.

Shall the Town vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) for forest fire equipment and gear, said expenditure to be partially offset by a grant from the State for Two Thousand Dollars (\$2,000)? (Recommended unanimously by the Board of Selectmen) (Recommended unanimously by the Budget Advisory Committee)

There were no changes made to the article, article 28 would be on the ballot as written.

There was a motion made to restrict reconsideration with a second, a vote was taken, the motion carried.

YES 1249 NO 213

Article 29.

To transact any other business that may legally come before this Meeting.

As there was no other business, the Meeting adjourned at 1:30 p.m.

Respectfully submitted,

Nancy A. S. Martin
Town Clerk

Minutes of the 2006 Special Town Meeting

First Deliberative Session

August 5, 2006

Town Moderator, David M. Tower opened the meeting at 9:00 am. The following were present: Town Administrator, Edgar Gadbois, Administrative Assistant, Carlotta Lilback Pini, Selectmen, Arthur Fiorelli, Tim Halliday, Patricia Lang Barry, Town Clerk, Nancy Martin, Budget Advisory Committee Member, David DuVernay and Director of Public Works, Robert Forest.

David explained that the Town Warrant was posted with two (2) articles for the upcoming election on September 12, 2006 along with the Primary election. He explained that the first article is a Zoning Article, which is not something that can be discussed at a deliberative session; the second article is the "Pay-as-you-throw" article, which reads:

"To see if the Town will vote to require residents to deposit refuse in specially designated bags, under a "pay-as-you-throw" system, with the revenue generated to be used to offset the cost of solid waste disposal and reduce the tax rate accordingly."

Carlotta and Robert presented a slide show to explain the article. Robert Forest introduced himself, he explained that the waste tonnage in the town has increased by 200 tons this year, he feels this is something that needs to be controlled, as the tonnage increases it is bad for the environment, noting that the State of New Hampshire as well as the United States are in a dilemma as to what to do with trash. For every 100 ton the town generates equals to \$7,500 more to the cost of the Transfer Station budget. At this point in August we already know we have to add another \$15,000 to the Transfer Station budget, which does not include anything else in the budget, it is just for the hauling of the trash and getting rid of it. He stated that waste generated in the U.S. has increased significantly; in 1960 the average household generated about 2.5 lbs of trash each day by 2005 the average has increased to 4.5 lbs of trash per day. Currently the town hauls the trash to a landfill in Berlin, New Hampshire but by N.H. Capacity Projections, by the year 2017 we will no longer have any landfill sites in N.H. and will have to start shipping it to the south or haul it to New York.

Robert stated that is the very reason we need "pay-as-you-throw", one would purchase the bag at the local store for the cost of \$2.00 for a 33gal. bag or \$1.00 for a 15/17gal. bag.

The town of New Ipswich presently uses "pay-as-you-throw"; when the town implemented it the solid waste dropped by 50% and gained the 50% in recyclables'. The Town of Winchendon, Ma also has this program. It has been proven in the U.S that this program works; it decreases the waste and increases recyclables'. The cost of the bag will fund the Transfer Station, which would result in reduced town taxes. With less household waste there will be fewer trips to Berlin, which will decrease fuel cost and reduce disposal cost.

Currently we make 80 trips per year to Berlin for disposal of waste, paying \$86,744 total for the year, with the "pay-as-you-throw" program the waste would decrease resulting in less trips, approximately 55, decreasing the cost to \$59,211. We haul recyclables to Keene, we are not charged to dispose of the recyclables, we make 156 trips per year now totaling to \$9,204 with the program we would increase the trips to approximately 312 trips, the increase would make an added cost of \$9,204 but with the savings on the disposal of waste we would actually be adding revenue to the Transfer Station, about \$33,000 per year. "Pay-as-you-throw" will help the environment and will help the Town of Rindge do their part for the State of New Hampshire. The revenue from the bags would go into a special revenue fund, which would fund the Transfer Station.

Robert concluded his presentation and then asked if there were any questions.

Shirley Burt asked if people would still have to buy a Transfer Station sticker. Robert asked the Selectmen to address the question, Art Fiorelli stated the question has not been addressed by the Selectmen, but the sticker is only \$5.00 and residency would still have to be proven to use the Transfer Station.

Scott Douglas asked how was the \$162,000 revenue for bag sales determined.

Robert said it was determined by statistics, determining the population and how much waste is generated per person.

Scott Douglas stated people who don't want to buy the bags will just get dumpsters for the trash, which doesn't change the solid waste going to a landfill it just reduces the waste going to the Transfer Station.

Minutes of the 2006 Special Town Meeting

Tim Halliday pointed out that people who do get the dumpsters will soon realize that the cost of the dumpster is much more than what they would pay for the bags.

Scott asked if everything for the Transfer Station, i.e. wages, equipment, electricity would come out of the special revenue fund, not the town budget. Robert answered yes.

Dave DuVernay asked where the bags would be purchased. Robert said he has already spoken to Wal-Mart, Foggs, Hannaford and Market Basket, they would be purchased there in a roll of 10, for \$20.00 a roll. David asked if the merchants would make a profit on the bags, Robert said they would buy it from the town at about \$480 a case and sell it to the residents.

A member of the audience asked where is the incentive for people to recycle, she has heard of people going to the recycling center only to have their bags ripped open by an attendant, it alienates the public from the employees at the Transfer Station. The employees should be more helpful.

Robert said that maybe there should be a program to reward people for their efforts of recycling.

Jason Czekalski said that \$33,000 is a lot of money and stated you would have to replace all of the equipment at the recycling center every five years in order to use that kind of money.

Another problem is enforcement, we know that doesn't work, for any of you who were in town fifteen years ago when Pete Anderson started the recycling program, people asked how much money was made with the program, Pete said the savings were not much, about \$8,000+/- but the cost of shipping our solid waste was cut in half. There was enforcement but the enforcement wasn't for so much what we do but how we do it. At the time we had Andy Dube and Larry Harris, they did not alienate people, and they would educate them.

Art Fiorelli stated the first year would be about \$33,000, but given the cost projected for the next five years the capital reserve could drop. He does not believe there will be a lot of excess money; the Transfer Station will need to replace trucks, dumpsters, etc. There would have to be extra manpower added to open the bags.

Ed Lamoreaux commented that the presentation was very good, but asked if the town will still be able to haul the recyclables to Keene for free in the future. Robert said he does not see any reason for that opportunity to change, we co-mingle and do a trade out, we give them all of our cardboard and they take our co-mingles, that is how they make their money. Ed Lamoreaux asked if the bags could be sold at the town office, Robert does not recommend it because it is time consuming on the office personnel. Robert was asked of the quality of the bags; Robert said it is of good, strong quality, he stated that the bags are not biodegradable; Art Fiorelli said the packaging should be.

Pat Barry asked what will ensure that the employees at the stores do not steal the bags; Robert said it would be the responsibility of the management; each store would buy their own inventory. Scott Douglas pointed out that you would need a dump sticker, so if someone from out of the town stole the bags they would still need to have a sticker in order to bring it to the Transfer Station.

Dave Tower concluded the meeting at 9:50 am.

Respectfully submitted,

Nancy A. S. Martin
Town Clerk

ARTICLES -

1. Are you in favor of the adoption of the Interim Growth Management Ordinance (674.21-a) as proposed by the Planning Board and generally described as follows:

The Interim Growth Management Ordinance is for the purpose of managing the orderly development in the Town of Rindge while the Town completes an update to the Master Plan, Capital Improvement Plan and Zoning Ordinance. This ordinance will limit site plan applications to 10,000 square feet or less, residential subdivisions to no more than three lots and all subdivisions in the Business/Light Industry and Commercial Districts.

If adopted the Ordinance will expire at the time of the Rindge Annual Meeting on March 13, 2007.

YES 459 NO 632

- 2 To see if the Town will vote to require the residents to deposit refuse in specially designated bags, under a "pay-as-you-throw" system, with the revenue generated to be used to offset the cost of solid waste disposal and reduce the tax rate accordingly.

TOWN OF RINDGE
BALLOT QUESTION FOR SPECIAL TOWN MEETING
SEPTEMBER 14, 2004

Are you in favor of the adoption of an Amendment as
proposed by the Planning Board for the Town Zoning
Ordinance as follows?

Adopt the Growth Management Ordinance for the purpose
of managing orderly growth and regulating the timing of
residential development in Rindge. The Growth Management
Ordinance will limit the number of building permits issued
each year for new residential dwelling units.

Recommended by the Planning Board.

YES ☒ NO ☐

REPORT ON INTERNAL CONTROL BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS

To the Board of Selectmen and Town Manager
Town of Rindge, New Hampshire

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Rindge, New Hampshire, as of and for the year ended December 31, 2005, which collectively comprise the Town of Rindge, New Hampshire's basic financial statements and have issued our report thereon dated June 15, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

The management of the Town of Rindge, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the financial statements of the Town of Rindge, New Hampshire for the year ended December 31, 2005, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Rindge, New Hampshire in a separate letter dated June 15, 2006.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

Report of the Town Clerk

Looking ahead; I am still aiming to get on the "Municipal Agent Automation Project" more commonly known as "MAAP" this year. This is an on-line program municipal agents will use to perform many motor vehicle functions that we are not currently able to process now. There have been several "bugs" in the system therefore the project is a little behind but I am still hoping to be "live" some time during 2007.

Please remember when registering a new vehicle, a bill of sale and title or application for title is required for all vehicles 1993 or newer. Older vehicles will need a bill of sale and one of the following: previous New Hampshire registration or copy of, a previous title (any state) or a TDMV 19A form (Verification of vehicle identification), verification forms can be obtained either at my office or can be printed off the state website, www.state.nh.us/safety

I want to thank all of you who voted in the State Primary and the General Election for being so patient during our conversion to the Statewide Voter Registration System, ElectionNet. We had some problems with addresses not converting over to the new ElectionNet System but we are confident that we do have most of them corrected now. Vital Records update - I now have the ability to issue certified copies of a final divorce decree dated from 1990 to within 6 months from the present search date, the fee is \$12.00 (twelve) for the search, if the record is found and you meet the New Hampshire's access requirements, you will be issued one certified copy of that certificate.

The 2007 dog tags are in; dog license renewals are due by the end of April of each year. There will be a rabies clinic held in April, check with my office or the local paper for the date, time and place.

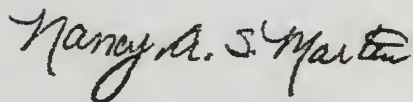

Town Clerk Hours: 9am to 4pm Mon. – Thurs. (closed for lunch 1pm-2pm) Thurs. Eve 6pm to 8pm, Fri. 9am to 1pm, Last Saturday of the month 9am to 11am. Hours for Vital Records: 9am to 12:30pm & 2pm to 3:30pm Mon. – Thurs. & Thurs. Eve 6pm to 7:30pm, Fri. 9am to 12:30pm

Report of the Ingalls Memorial Library Trustees

The second phase of improvements to the Ingalls Memorial Library was completed this year. We have a new septic system and our driveway has been widened and new parking spaces have been added.

The Trustees have added a new position to our staffing. Debbie Qualey will be our first Assistant Director.

Joseph Jaquez was not able to complete his term on the board because of his move to Maine. He was replaced by Robert Carney who was an alternate. He had been a Trustee in the past. James Qualey became a new alternate. We have three alternate positions but only two are currently filled. If anyone is interested in this position please contact Diane Gardenour.

Our meetings are now held the second Wednesday of the month at 5:30 P.M. at the library. All are welcome.

The Board of Trustees would like to thank our staff, our volunteers and our Friends group for a successful year.

Respectfully Submitted,

Nancy Little, Chairperson
Library Board of Trustees

James Qualey

Report of the Ingalls Memorial Library

Mrs. Connor continues having story times on Mondays and Thursdays. The summer reading program that started in June was well attended and over 2000 books were read. The Reading Club and the Home Schooling Program were also well attended. This year we started a game time for children. Benjamin Wiley has been sharing his love of games and teaching others what fun it can be to play games. We also would like to congratulate Georgi on being Rindge's adult "Person of the Year."

We welcome Beverly Rice to our staff. Beverly will be working mainly at the Circulation Desk and helping you find those books you want to read. Beverly lives in Rindge with her husband Carl.

Our wonderful volunteers have done it again. They have given us 1,379 hours of service this year. We would like to thank adult volunteers: Miriam Hannu, Betsy Harper, Eva Hornak, Kathy Isakson, Pat Jordan, Priscilla Leslie, Alice Nagahiro, Jim Qualey, Tracy Russell, Kathy Seppala, Susan Valcourt, Barbara Walsh and student volunteers: Katrina Barstow, Nathan Connor, Melinda Donahue, Danielle Drouin, Elissa Hannu, Melissa Lauenders, Emily Seppala, Lila Seppala and Benjamin Wiley for their dedication to the Ingalls Memorial Library.

The Friends of the Library have raised enough money to purchase passes to local attractions. This year we offered passes to: Fort at No. 4, Currier Art Museum, The Fells, The Wright Museum and the New England Aquarium. With money raised from the annual fund drive we have also had the original architectural drawing of the Ingalls Memorial Library preserved. This is a wonderful historical piece that others will now be able to enjoy viewing for many years to come. Friends also provide us with bookmarks and help pay for some programs. This year we started preparations for a community-wide reading program which we call "Rindge Reads" which will be kicked off in January 2007. We hope many people will enjoy reading the book "Killer Angels" by Michael Shaara, as well as attending town-wide programs being provided from many town organizations that will highlight the 1800's depicted in our book. Two children's books of that time period will be available: "Amelia's War" by Ann Rinaldi and "Abraham's Battle" by Sara Harrell Banks will be available for the younger generations or shared by family members. Please join us in our endeavor to bring our community together and share this wonderful time in history.

Our library is open 31 hours per week.

Number of Registered Borrowers: 2321

Adult Materials Checked Out in 2006:	19,725
Children's Materials Checked Out in 2006:	<u>19,731</u>
Total Number of Checked Out Materials in 2006:	39,456

New Acquisitions:	Adult Books	1262	Children's Books	387
	Other (videos, etc)	387	Other (videos, etc)	104

Number of Materials Owned: 37,102

Report of the Planning Board

This was a rather busy year for the Planning Board with a heavy meeting schedule and 3-4 or more hearings per meeting. Work meetings continue on a monthly basis to address planning and zoning issues. This year the Board reviewed 35 applications:

- 2 Site Plan Applications (Commercial and Multifamily)
- 3 Major Subdivisions (4 lots or more)
- 11 Minor Subdivisions
- 7 Technical Subdivisions
- 4 Mergers
- 6 Conceptual plan reviews
- 1 Planned Unit Residential Development
- 1 Scenic Road

Of the plans that have been accepted in 2006, eight new lots were created for residential development with 11 new units. Impact fees were assessed on six applications.

With the implementation of the Growth Management Ordinance, Rindge's single-family housing sector is now averaging along with the region instead of leading it. This provides some measure of predictability and stability in terms of planning.

Steve Whitman and Jeff Taylor of Jeff Taylor Associates were engaged to hold workshops for the Master Plan revisions. These went extremely well, with amazing consensus from a diverse representation of Rindge's population. Those ideas were used by the Master Plan Steering Committee, comprised of Anne Thomas, Art Fiorelli, Edward Lamoureux, Helene Rogers, Jill Lamoureux, John Vorfeld, Judy Cypret, Judy Tomlinson, Kim McCummings and Roberta Oeser, drafting five new chapters and a vision statement for the Master Plan. The Planning Board adopted those chapters and statement as part of the revision. Ongoing revisions of additional chapters will follow in the coming year.

The Planning Board updated the Driveway and Subdivision Regulations and revisions to the Site Plan Review Regulations are pending for early spring 2007.

Additional activities included a Sign Ordinance Sub-committee which included David DuVernay and Richard Isakson, who proposed changes to the Sign Ordinance, with suggestions of ongoing research and development of the same-said ordinance as they are forever challenged by the balanced needs and desires of the population of Rindge. The Zoning Committee Sub-committee, comprised of Jed Brummer, and David Tower and James Hoard, as a first step in updating our zoning ordinances, proposed a new district, the Gateway District, which is to be located along the Rt. 202 corridor. It incorporates ideas and lays the groundwork for more diverse and balanced economic opportunities in Rindge's most concentrated business area. Rindge's zoning maps have been updated and reprints will reflect those changes passed at Town Meeting in March, 2007.

The Board experienced significant turnover this year with the departure of Roberta Oeser and Thomas Coneys after substantial and appreciated service. New members to the Board include Jed Brummer, Kim McCummings, Deb Sawyer and John Vorfeld. New alternates include returning six-year Planning Board member Dr. Gerald Parker.

With deepest regrets, the Board accepted the Planning Director Joanne Carr's resignation. She has moved on to Southwest Regional Planning Commission. Many thanks to her from the Board and the community for an exceptional effort with the tough growth issues Rindge faces. She and Planning Board Secretary Robyn Payson have brought an air of professionalism to the office and represented our town well.

Following a vigorous search, the Board is pleased to announce that we have hired Judith Griggs as the new Director of Planning. Judith Griggs has a diverse and well-rounded experience which includes planning and conservation. We will look to her talents to keep us focused as a Board and a community on our purpose and goals.

Finally, the Board wishes to thank all who participated in Rindge planning activities this past year and those who support and encourage Rindge's growth in terms of community and spirit, as an incredibly unique place. Rindge is a great place to live!

Respectfully Submitted,

Kim McCummings, Chair

Report of the Board of Adjustment

The calendar year 2006 has been an extremely busy year for the Zoning Board of Adjustment. During this twelve month period, a total of 27 Cases were Heard de-novo, 4 Cases were Reheard, and 7 Appeals for Rehearing were considered. Many of the applications and cases have been much more complicated than in the past. Included in this caseload were the applications from Home Depot.

In April, virtually an entirely new Board was appointed with two exceptions.

New Rules of Procedure were adopted during the summer, and a review of application forms and fee schedules was performed. It was determined that the previous fees were woefully inadequate to cover even partially the expenses of each case. The fees were revised to \$175.00 per application, and totally new application forms and instructions were adopted. With this current fee structure, the applicants are not billed for postage, advertising or clerical supplies.

Kathy Peahl resigned from the Board when she was appointed to the School Committee, and we thank her for her service to this Board and the Town. Helen Olson resigned as Secretary late in this year. We thank her for her service to the Board and Town. Julie Labonte served as interim Secretary until Jody McDermott was appointed as Secretary / Clerk. Jody brings many years of experience with Land Use Boards to our Board of Adjustment. We cannot emphasize enough how much the hard work and dedication of all Members, Alternates and our Secretaries is appreciated. The Board has become a very strong and positive institution within the Town of Rindge.

Joseph C. Hill, MD

Chairman

George Carmichael

Vice-Chairman

Report of the Economic Development Committee

I would like to take this opportunity to first thank the members of the Economic Development Committee for their dedication to the economic health of the Town of Rindge. This twelve member committee is a volunteer group of leaders with wide and diverse backgrounds, which is reflected in the level of activities this committee undertook during this past year.

In January 2006, the Committee identified activities and priorities. These included the following:

- Work in conjunction with the Town Planner and the Planning Board regarding the Town's Master Plan to include land use development and economic development potential
- Business Recruitment and Retention Initiatives
- Further develop a partnership with Franklin Pierce College
- Development of an Economic Development Strategy and Plan

The committee continues to solicit input from community residents via our Economic Development breakfast which is held on an annual basis in June. Our 2006 attendees included existing business owners, educational and health care representatives, elected officials, representatives from the financial service industry and community representatives. A very diverse group of participants attended this event. Discussions focused on:

- Economic potential within the Town of Rindge
- Optimal business mix
- Broadband and telecommunications initiatives needed
- Famm Steel property redevelopment and re-use potential

The general consensus at the breakfast was that this Town committee needs to be action oriented with a local focus. In addition, the Committee needs to continue to work with Regional Economic Development entities.

The Committee meets on a monthly basis – the first Monday of the month @ 7:30 a.m. in the Town Office. Businesses representatives and community residents are invited to attend these meetings and provide input on important economic development issues and initiatives.

The Board of Selectmen approved the Committee's Strategic Plan in December 2006. Some of the highlights of this plan include the following:

- Development of a Rindge business database
- Work to improve infrastructure issues such as broadband and telecommunications
- Develop and implement a business survey in conjunction with the Rindge Chamber of Commerce
- Expand the Economic Development Committee membership to include local business owners and leaders

To view this plan, please visit the Town's website. The committee is dedicated in their Mission Statement – "to retain, expand, assist and attract businesses to Rindge consistent with the Town's master plan and adopted ordinances, resulting in jobs and tax base growth".

On behalf of the Committee, we thank the Rindge Community for their support of our efforts and look forward to a very productive 2007.

Report of the Conservation Commission

The Rindge Conservation Commission (CC) strives to monitor and preserve the natural resources of Rindge. Its members work closely with the public, Selectmen, Planning Board, Board of Adjustment and the N. H. Department of Environmental Services to give advice and make recommendations in an effort to protect environmentally sensitive areas during this period of sustained growth and into the future.

Activity Highlights:

- Pursuit of conservation land & conservation easement acquisition and facilitation
- Conservation land & easement holdings management
- Natural Resource Inventory development
- Wetland permit application reviews
- Environmental violation investigations & reports
- Promotion of environmental education

Once again we have had a very busy year: holding 19 formal meetings, conducting reviews of 11 sites (several involving multiple visits), attending several workshops, executing 10 sub-committee projects, and sponsoring two public presentations. All together, this represents well over 800 hours of volunteered work. On many occasions, commissioners attended other board meetings and hearings to represent our perspectives as well. A special thanks is due to our new secretary, Bob Cleland, for helping to keep us organized during all this activity and sorting and organizing our files and archives as well.

A kiosk has been placed near the Converse Meadow property entrance on Converseville Road, which will allow posting of Use Guidelines, a Trail Map, Donor recognition and other informational items. Also, the RAMS have constructed a footbridge across the Millers River to facilitate access and they have indicated a desire to continue and expand their maintenance support of Converse Meadow. The material costs for the bridge were covered by an additional private donation. Several granite benches are placed trailside, in recognition of major donors for the property purchase. Preparation of an easement agreement with The Monadnock Conservancy is in the final stages, so with appropriate protections in place, we can look forward to much greater public utilization of this natural treasure in years to come.

As reported last year, a Rindge Bio-Diversity Study was being conducted by Bluepoint Ecological and was finished this past summer. We held two public presentations of this project and its results. The ultimate goal of the bio-inventory is to identify areas worthy of future protection efforts and by extension, also to point to areas more suitable for development. The weighted assessments of the parcels analyzed have led to target parcel identification and to initiating discussions with the associated landowners concerning possible environmental protection strategies. In the interest of stretching our Conservation Fund dollars to best advantage, in most cases this will mean facilitating conservation easements where the land ownership remains private while development rights are secured through a third party land trust. The specific easement criteria will vary according to the needs and wishes of each property owner as coordinated with the ultimate easement holder. This process involves considerable negotiation and several procedural expenses. Our role is to both initiate and sustain the process to achieve worthy conservation objectives. With the constant pressure to develop land, the window of opportunity to affordably accomplish these ends is a narrow one. So if we are to sustain the much-touted "Rural Landscape" as well as ecologically defensible wildlife habitat protection, we must be diligent. We are proud of our progress to date and will be gathering particulars from the various "target" landowners throughout the coming year to compile an overall strategy with realistic financial expectations and projected timelines.

The Hampshire Country School has ecologically valuable unfragmented land and an active campaign underway to place 1400 acres under easement with Northeast Wilderness Trust. While only 200 of those acres are in Rindge (the bulk being in New Ipswich), our Bio-Diversity Study emphasizes and has documented several significant habitat features in that area of town. Following a public hearing, it is our intention to commit a substantial contribution toward these easement expenses.

Tetreault Park, has been cleaned up the boy scouts in Troop 308 who also fabricated and placed some trail signs. We are encouraged by these efforts and foresee this as a start of significant involvement with Scouting, boys and girls alike. As with Converse Meadow, we have contracted for environmental studies and formal management plans are being developed for this property and the adjacent Town Forest as well, prior to permanent protection via conservation easement.

Property owners can help to insure that Rindge will remain a place known for beautiful scenery and wild places. Those who are interested in putting their land under conservation easements or might consider donating land for conservation purposes, possibly in conjunction with estate planning, should contact the CC to discuss the variety of appropriate strategies and options available.

Report of the Conservation Commission

The CC meets on the 2nd Monday & the 4th Thursday of each month at 7 PM at the Town Office Building. Interested members of the public are invited and encouraged to attend and become involved with our efforts. There are openings on the Commission for membership. Please step up and become a part of shaping the future of our natural heritage.

Report of the Public Works Department

The Rindge Department of Public Works strives to give the citizens of Rindge quality roads. Assessing the condition and maintaining the town roads are our main priorities. The Town of Rindge has over sixty miles of town maintained roads.

In the fall, we start evaluating the town roads to decide which roads will need summer projects performed on them. There are many factors which influence our decisions. The major factors considered are: the age of the existing pavement, the condition of the road base, and the age of the drainage structures in and along the road. Our other fall projects consist of preparing the Town trucks and equipment for the winter months, raking of leaves, preparing the Town parks for winter, draining the water lines at Wellington Park, regrading the gravel roads, and the patching of potholes.

The winter months keep us very busy. Obviously our main challenge is keeping the roads clear of snow and ice. This can be very challenging and tiring at times. It is not unusual for our crew to work 24-30 hours during major storms. We spend many sleepless nights to give the citizens of Rindge safe roads. We have a very dedicated crew that really care about their job and take a lot of pride in their work. I, as the Director of Public Works, would like to personally thank them for their dedication and many hours of work that they put in during the winter.

The spring months keep us busy cleaning up from winter and preparing for summer. Projects in the Spring consist of: placing gravel on the dirt roads during Mud Season, patching potholes, finish raking leaves from the Fall, opening the cemeteries, lawn maintenance, cutting brush and trees in preparation for summer projects, repairing damages to property and road signs from winter plowing, and preparing and advertising for bids for the major summer projects.

The major Public Works projects are performed in the summer. These consist of: replacing of drainage pipes, reclaiming roads in preparation for paving, grading of the dirt roads and placing liquid calcium chloride for gravel stabilization and dust control, maintaining the Town Common, Parks, cemeteries, and the Town Office lawn, preparing the Town Park fields for summer recreation and roadside mowing.

The Transfer Station and Swap Shop use continues to grow every year. We would like to thank the volunteers that staff the Swap Shop. Without their help, the Swap Shop would not be the success that it is today. Household Hazardous Waste Day has taken a new direction, due to the lack of grant funding for smaller municipalities we have partnered with the City of Keene and their Household Hazardous Waste Day in the spring and fall.

The Transfer Station has stepped up its recycling program in hopes to encourage citizens to recycle and reduce the Solid Waste going to Berlin. Last years breakdown is as follows, 59% Household Waste, 18% Demolition, 23% Recyclables.

The Crew and I wish to thank the citizens of Rindge and other departments and boards for their cooperation and assistance during the past year. I especially wish to thank our Board of Selectmen and Town Administrator for all their guidance and assistance throughout the year.

Sincerely yours,

Robert E. Forrest
Director of Public Works

Report of the Police Department

The Rindge Police Department continues to focus on the department's vision to provide professional, community-based policing service to the community of Rindge. As the Town continues to grow and prosper, we must work together in assuring that the Police Department has an adequate budget and personnel strength to meet the demands of the community. It is our commitment to the people of Rindge that we will continue to seek out cost-saving programs that will assist us in our mission of providing effective and efficient service to our community.

As we close on the year 2006, the Police Department would like to thank many of our community members and businesses that not only helped the Police Department in the past year, but made the Town of Rindge a safer place to live, work, go to school and visit. Partnerships with such entities as Boss Construction, Rindge Car Wash, Dunkin Donuts, Foggs, Valley Marina and Recreation, Alpine Motors, Wal-Mart, Franklin Pierce College, RAMS and many others that enable us to carry our mission of public service in greater ways than we ever thought possible.

This past year again we focused on working with the Public Safety Building committee to have a new combined police and fire facility designed and ready to be voted for on March 13, 2007. (*Please vote YES.*) The building committee consisted of Ted Covert, Dick Isakson, Jake Pyhala, Hector Morin, Rob Jackson and Tom Peragallo. I would like to thank each of them for their support and understanding of what it has taken to get this project underway. They have dedicated hundreds of hours to ensure Rindge gets a building that is not only very much needed, it is a building that is affordable for the community of Rindge and will meet the growth needs for the next twenty years.

While this report will summarize the statistical aspects of what the Police Department accomplished in 2006, we want to emphasize the significant deeds that our members completed throughout last year.

This year's fundraiser in conjunction with the Rindge Athletic Men's Association (RAMS) to raise money for the RAMS boosters as well as the Rindge Police Department and Fire Department was a huge success. We again hired All-Pro Productions to handle the fundraising and arrangements for the All-Star Night of Comedy held at Hidden Hills on September 15, 2006. Due to the generosity of all those who attended and other contributors, we were able to raise a lot of money to put towards the community. Contributions were received from Rindge residents and businesses as well as many other contributors from around the Monadnock region and into Massachusetts. All contributors were shown in the calendar that was passed out that night, either in a listing or with the ads that were purchased. Our grateful thanks to all those who made this show and fundraising such a huge success. We look forward to 2007 and hope to be able to increase its popularity and bring townspeople together with the public safety providers within the Town of Rindge. The money we raised through this event allowed the Police, Fire and RAMS to donate thousands of dollars to the community for many projects throughout the community.

This year the Rindge Police Department will again be able to offer a scholarship at the High school for a graduating senior to further their education. The Police Department will continue to support and work closely with Cub Scout Pack 308, as well as provide mentorship to the Boy Scouts during the next year. We will also continue to have interns from the local high schools and Franklin Pierce College who express an interest in pursuing a law enforcement career.

Grant Administration

The Police Department took a proactive approach to grant opportunities throughout 2006. We successfully obtained two highway safety grants this past year. One was to have an additional officer on patrol to seek out Drunk Drivers and reduce the number of traffic accidents around Rindge. The second one was to have an additional officer on patrol during peak traffic times to detect motor vehicle operators violating the speed laws. These grants paid for the overtime accrued during the enforcement details.

Report of the Police Department

We also received two grants from New Hampshire Fish and Game. These grants allowed the officers to patrol the trails and paths monitoring the off-road vehicles traveling in the town.

Rindge Police has also participated in PAACC details in order to control underage purchase and use of alcohol along with decreasing the incidents of driving under the influence of alcohol or drugs. The Cheshire County Sheriff's Department instituted this grant. As always, we will continue to seek out alternative funding programs to offset the impact of our budgetary needs in order to provide the best service to our community.

Operations

We have seen a significant increase in calls for service and criminal offenses in the Town of Rindge again this year. In 2006, the police department handled **1,166 offenses** (including felony level), while filing **684** criminal investigation reports. The proper reporting of crime is absolutely essential to an investigation and having the ability to properly investigate these crimes is essential to any police organization. The police department was inundated with investigations this past year, ranging from minor property crime to serious felony cases. There were **385** arrests made during 2006 and these arrests ranged from motor vehicle violations to major criminal arrests. General calls for service amounted to **27,336**. The attached graph will show the general increase of calls for service over the past five years.

CALLS FOR SERVICE 2006 - 2000

Report of the Police Department

During 2006, Rindge Officers conducted over **19,306** business and residential checks. In light of the increased calls for service, the Police Department also tries very hard to be proactive to reduce accidents and crime by having an aggressive motor vehicle patrol program. This year we will continue applying for grants and to partner with other communities and use equipment they have available to reduce speeding within the community.

In 2006, the department handled the following motor vehicle related incidents:

- **24 DWI Arrests**
- **129 Reportable accidents**
- **Issued 2,930 warnings**
- **Issued 602 summonses**

With the limited resources within our department, it is not physically possible to have the roads in town patrolled as much as residents would prefer – especially with speeding issues. With the residential and commercial growth that is happening within the Town of Rindge, it will be even more difficult to have an officer staged on streets to watch for traffic violations. The officers must be available to respond to all types of calls. This coming year we will again make an effort to have directed patrols cover many roads throughout town.

Our Animal Control Officer handled over **859 animal complaints** throughout the year. We have developed a new forfeiture process regarding animal situations and will proactively address the chronic and repeat animal issues to ensure a reasonable balance between animal ownership and quality of rural life. Thanks to Larry for doing such a good job.

Department Goals

Several of the Rindge Police Department goals are long term and on-going in nature. To achieve the goals of quality, professional and ethical service, the department must continue to remind itself that it exists to service the entire community. We have strived to ensure that our officers receive quality and up-to date training and provide them with the necessary tools to get the job done. While we have achieved many of our objectives during the past years, we are committed to these short term and long-term goals:

Report of the Police Department

- To continue to effectively address quality-of-life issues that require police intervention in the community. Our position and philosophy of community-based policing will help us involve the community in problem solving and address these issues as they surface.
- Career Development of our officers to ensure they grow as professionals, which also includes retaining these good officers. This will be accomplished through training, skill assessment and interest identification.
- We will continue to maintain a collaborative relationship with Franklin Pierce College, the School District, as well as other federal, state and local agencies.
- We will continue to address the Capital Improvement Plan for the department, primarily addressing the future prospect of an improved Public Safety Building for the Police and Fire Departments.

I would now like to thank the members of the Rindge Police Department over this past year. Frank Morrill, David Blake, Dan Anair, Andy Wood, Nick Weeks, Joseph Hazelrigg, John Vargas, Rachel Derosier, Richard Comerford, Larry Harris, Evelyn Wilkie and Martha Jacques. As each year comes and goes, the members of the police department continue to adapt to what is required of us. At times it is frustrating and other times it is very exciting, but the one area that we hope remains consistent is the relationships within the department and more importantly within the community. Thank you all for being patient and supporting the community.

On behalf of all the members of the Rindge Police Department, we want to thank the community for their support throughout the past. We must remember that it is up to all of us to be involved in the safety of this community. We encourage all of our community members to become involved, report suspicious activity, drive responsibly and be proactive with your own house and family safety issues.

Together, we will move forward to ensure that Rindge remains safe and a community we all can be proud of.

On behalf of my staff,

I respectfully submit this annual report.

Michael J. Sielicki
Police Chief

Report of the Fire Department

The Rindge Fire Department has responded to 370 emergency and non-emergency calls for assistance. The Rindge Rescue has responded to 318 emergency and non-emergency medical calls. The Rindge Fire Department operates with 3 full-time employees. Two of the full-time positions are shared with the Building Department, which is a benefit to the town for many reasons such as financial aspects, continuity of building/fire and life safety codes, ability for multi-tasking between departments are just a few examples. The fire department also operates with 24 call members and 6 temporary college members for the evening and weekend hours with the daytime employees helping with the duty crews.

The Fire Department will continue its focus on building its call membership during 2006. This is a very important task for many reasons, which include firefighter and public safety, helping with the town's tax rate and many more. Without these dedicated individuals we would have to hire full-time employees to preserve the safety and respond to emergency calls. These members are paid by the call instead of manning the station. All members carry pagers that are activated by Keene Mutual Aid Dispatch when there is a call for emergency assistance. This allows the members to carry out their normal daily activities and respond as needed. The department is set up with four rotating duty crews. These crews handle the lower priority EMS and fire calls. Each crew will be on stand by one night per week and one weekend per year. In the event of a high priority call, all available members would respond. Many new people that move to rural areas do not know that we don't have a full-time fire department and rely on the citizens to work as a community. If you are interested in making a difference, please contact the Director of Public and Life Safety for more details.

The Rindge Fire Department has accomplished many goals and tasks in 2006. The department replaced, updated and purchased new rescue and training equipment funded through an approved FEMA Grant. In the upcoming year, the department will continue to apply for grants and improve its efficiency and quality of service. We will also continue the following:

- Provide quality, professional and efficient service
- Increase public relations
- Provide Fire Prevention and Education Programs
- Provide community CPR and First Aid Programs
- Provide free Home Fire Safety Programs
- Develop training programs that will help the members be prepared for almost any emergency situation
- Develop preplans for every street and road in the town along with water supply plans
- Increase the available dry hydrants within the town
- Develop and implement a computerized Preventive Maintenance Program for RFD equipment and apparatus
- Increase the members of the Rindge Fire Department

The Rindge Fire Department has continued to monitor the operations of the Jaffrey-Rindge Memorial Ambulance Service through 2006 and is satisfied with the service to the Town of Rindge. We will continue to monitor their progress to ensure continuity of service in 2007.

The members of the department are a proud group of individuals who are dedicated in their mission to preserving the safety of the citizens and to provide services or assistance whenever called upon day or night. I would like to thank all members of the Rindge Fire Department for their service. I would like to also thank all the other departments for their support and help.

Respectfully Submitted,

Rickard Donovan
Director of Public & Life Safety

Mission Statement

"To protect the citizens of the Town of Rindge from emergencies and disasters through aggressive fire suppression, emergency medical response, hazardous materials emergency management, fire prevention and public education, and pre-emergency planning."

Report of the Fire Department

Rindge Fire Department Members

Apparatus Brief

The Rindge Fire Department Preventative Maintenance Program is operational and up to date. The Rindge Firefighters Association raised the funds to make modifications to the Brush Truck. The modification was the first phase of a three phase project to make the vehicle more user friendly and safer. Phase two is scheduled to take place this winter. A camera was added to the rear of the Tanker. This will improve the safe operations at emergency scenes and while backing the truck.

Apparatus & Equipment

The Rindge Fire Department has an on-going vehicle maintenance program in an effort to keep all emergency apparatus in a state of constant readiness. This program includes three phases: in-house bi-weekly vehicle checks; in-house fluid, filter, and lubrication, as well as, pump and ladder maintenance; and lastly, major repairs performed by outside contractors. The cost of preventative maintenance is far less than the purchase of new apparatus. In our long-term planning, we have scheduled vehicle replacements based on the National Fire Protection Association's recommendations of a 20-year lifespan on fire apparatus. With current apparatus and future growth, this 20-year cycle will keep the Rindge Fire Department a modern and progressive organization.

In an effort to keep all equipment in a state of readiness, the Rindge Fire Department maintains and tests all department equipment throughout the year. Generators, portable pumps, chain saws, vent fans, and automatic defibrillators are tested bi-weekly. Ground ladders are cleaned and tested by an independent test company on an annual basis. All Self Contained Breathing Apparatus are cleaned and tested weekly, as well as serviced by the manufacturer annually.

Report of the Fire Department

Fire Prevention and Education

The Rindge Fire Department continues its Fire Prevention and Education Programs in the schools and other public and private events. The Rindge Fire Department continues to offer Fire Safety Programs, Fire Extinguisher and Prevention Programs, and CPR and First Aid to local businesses for their employees. The Rindge Fire Department also offers free Home Fire Safety Inspections to the residents of Rindge and continues to perform mandated inspections to businesses and multi-family dwellings located in town. The Rindge Fire Department maintains an open door policy for the citizens to visit the station during business hours to check out the equipment and apparatus the town owns. This is also a great time to see what is available and the importance of different equipment used in the fire service. Fire prevention materials are also available at the fire station.

The Rindge Fire Department is in the process of scheduling CPR, AED and First Aid classes to be offered to the general public in 2007. There will be 2 classes in the Spring and 2 classes in the Fall.

As a part of the Rindge Fire Department's "*FREE Home Fire Safety Inspection*" program, we still have FREE smoke detectors available to any homeowner. Contact the Fire Chief's Office at 899-5181 ext. 110 for more information.

Fire Inspection Office

Under NH State Fire Code and State Statutes, all businesses and residential rental units are subject to annual life safety inspections. The Town of Rindge currently inspects 14 Businesses twice annually, 162 Businesses in 89 buildings annually, 15 Multi-Family Units annually, 54 Residential Rental Units annually and 10 Town and State Buildings annually. All single-family dwelling units or rental rooms within a dwelling used as rental unit are subject to annual inspections under the State Fire Code.

Report of the Fire Department

2006 Call Statistics

The Rindge Fire Department has recovered \$5363.75 in restitution for 2006.

The Rindge Fire Department would like to thank the Town of Rindge Residents and Businesses for all their support throughout the years.

Rindge Fire Department Burn Permit Schedule

Burn Permits

Permits will only be issued after the state "Daily Fire Danger Class" announcement at 10 AM and 2 PM Monday thru Thursday and 2 PM on Friday, at the Town Office. Weekend permits will be issued after 2 PM on Friday. You can obtain a Burn Permit on the day you plan to burn at:

FIRE STATION

Mon. – Fri. 9 AM – 3 PM

TOWN OFFICES

Mon. – Thurs. 9 AM – 4 PM

Friday 9 AM – 1 PM

AFTER HOURS AND WEEKENDS

Call the on duty Warden or Deputy at 603-801-6506

Monday – Friday: 5 PM – 9 PM

Saturday: 9 AM – 9 PM

There will be no permits issued on Sunday or Holiday's, so plan ahead if you plan to burn on these days

NOTE

You must obtain a Burn Permit for all outside fires

You must notify the on duty Warden of a burn when there is snow cover

If we are out of the station or office during the scheduled time frame, please wait or call later, we may be on an emergency call or an inspection.

Please DON'T call the Warden or Deputy Wardens at home. Call the cell phone.

Please allow time for the Warden or Deputy Warden to call back after calling them. They could be on an emergency call or busy at that time, but will call you as soon as possible.

It is the responsibility of seasonal permit holders to check the Danger Fire Class.

It is illegal to burn household trash, treated wood, logs bigger than 5", etc.). Please contact Warden or Deputy Warden if what you are burning is questionable. Only clean wood can be burnt.

If you ignite a fire without a permit, the Rindge Fire Dept. will extinguish it at the owners or responsible party's expense.

Report of the Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden (Rickard Donovan), Rindge Fire Department and the State of New Hampshire Division of Forest and Lands work collaboratively to reduce the risk and frequency of wildland fires in NH. To help us assist you, please contact your local Forest Fire Warden or Deputy Warden at 801-6506 or Fire Department at 899-3324 to determine if a permit is required before doing ANY outside burning. Under State Law (RSA227-L:17) a fire permit is required for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information contact the Division of Forests & Lands (603) 271-2217, or online at www.nhdfl.org.

Fire activity was high during the first several weeks of the 2006 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in many sections of the state. The largest forest fire during this period occurred in late April and burned 98 acres. The extremely dry conditions in spring resulted in over twice the amount of acreage burned than in all of 2005. Our statewide system of fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged 6 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

Report of the Emergency Management Director

The Emergency Management Director Rickard Donovan has been busy attending meetings and training seminars for public preparedness in emergency situations. In 2006 I attended training seminars geared to planning and mitigating emergency incidents involving WMD (Weapons of Mass Destruction), Biological Events, Natural Disasters and other related emergencies. The Emergency Management Department has established a Local Emergency Response Planning Committee to develop a plan in the event of emergency response. This committee was formed with members from the Town of Rindge, Franklin Pierce College, Rindge Memorial School, NH Emergency Management Department and the Red Cross. We have contracted with Jane Hubbard Consultants under a FEMA Grant to help develop our plan and to assist with Grant Funds to conduct a drill for the plan.

The Emergency Management Department has also completed an Emergency Mitigation Plan that is now at the FEMA Office for approval. Once this plan is approved by FEMA it will be forwarded to the Board of Selectmen to be adopted. This plan was put together by a committee consisting of members from the Rindge Fire, Police, Town Office, Historical Society, Board of Selectmen and the Southwest Planning Office. This plan was also partly grant funded.

The Emergency Management Department is also working with the Pandemic Preparedness Regional Planning Committee to develop a plan for the distribution of medications and anti-dotes if needed. This plan is called the Points-of-Distribution Plan and is coordinated through Monadnock Hospital for the Jaffrey – Rindge area. We will be conducting a tabletop exercise in 2007.

We will also continue to update our Emergency Response Plan and preparing plans targeting Biological and WMD events as required by Homeland Security. A lot of work will be going into planning in 2007 to improve our preparedness.

Respectfully Submitted,

Rickard J Donovan
Director of Public and Life Safety

Report of the Building Department

The Rindge Building Department had a busy year in 2006 with approximately 524 inspections. We continue to update the inspection process to ensure that all applicable codes are met and all contractors performing the work are properly licensed in the State of New Hampshire. We will continue to look at ways to clarify the process for obtaining the necessary permits and documentation for commercial and residential building, occupancy and operation permits. This information will hopefully help the permit process go smoothly. In 2007 I continue to look forward to working with all homeowners and contractors performing work in the Town of Rindge.

The Town of Rindge Building Department issued thirty seven (37) Residential Single Family Dwelling Permits; seventy two (72) Residential Accessory Permits; three (3) Swimming Pool Permits; four (4) Commercial Building Permit; one (1) Mixed Use Building Permit; seven (7) Commercial Accessory Permits; three (3) Demolition Permits; forty five (45) Electrical Permits; one (1) Plumbing Permit; twenty one (21) Fire Safety Permits; fifty one (51) Occupancy Permits; two (2) Conditional Use Permits. All of these permits generated revenue to the Town of Rindge totaling \$44835.08 (Building - \$41736.58, Electrical - \$1495.00, Plumbing - \$50.00, Fire Safety - \$550.00, Filing Fees - \$950.00, Fire Reports - \$53.50).

Impact Fee Ordinance Summary

Impact fees assessed for single-family dwellings totaled \$51,534: collected on issuance of the Certificate of Occupancy \$17,178.

Impact fees assessed for Townhouse Units totaled \$35960. No Certificate of Occupancies issued for these during 2005.

Impact fees are used to offset the cost for construction of community facilities such as the schools, recreation facilities and the public safety building.

A summary of the breakdown is as follows:

Report of the Building Department

Single-Family Dwellings

Total assessed	School	Recreation	Public Safety
\$ 51,534	\$ 37,001	\$ 7,627	\$ 6,906

Townhouse Units

Total assessed	School	Recreation	Public Safety
\$ 35,960	\$ 24,597	\$ 5,861	\$ 5,466

Totals – all permits	School	Recreation	Public Safety
\$ 87,494	\$ 61,598	\$ 13,489	\$ 12,371

5-Year New Residential Building Permit Trend

2003 Totals reflect 2 Townhouses with 6 units in each

2004 Totals reflect 2 Townhouses with 8 units in each

2005 Totals reflect 2 Townhouses with 5 units in each

Twenty Two (22) building permits in 2006 were issued under the Growth Management Ordinance.

NOTE: Permits are required for all construction within the Town of Rindge including sheds, outbuildings, decks, pools and sundecks, etc. A permit is also required for Demolition of a structure. Permit applications and information may be obtained at the Rindge Building Office located in the Rindge Town Office Building on Payson Hill Rd. Permit applications may also be downloaded from the town's website.

The Building Department will be restructuring the permit process in 2007. We will no longer have a "one permit does all process". All contractors will be required to file a permit application to obtain a permit for their respective trade. Examples are electrical, plumbing, mechanical permits, etc. This process will ensure better management of building projects within the town. This procedure will guarantee the contractor's endorsement for the building project.

Respectfully Submitted

Rickard J Donovan, Director of Public and Life Safety

Report of the Code Enforcement Officer

The Rindge Board of Selectmen appointed me in August 2002 to enforce the Town's ordinances and, in some cases, the state RSAs. I regularly represent the Town before the Rindge Board of Adjustment as they deal with appeals from administrative decisions, Waivers of Dimensional Requirements, and applications for Variances from and Special Exceptions to our ordinances. I have also represented the Town of Rindge in cases before the Board of Tax and Land Appeals, Small Claims Court, and District Court in Jaffrey.

I am presently monitoring eight Court cases and 26 situations that need active effort or simple follow-up, some of which may become court cases. They include enforcement of setback requirements from neighboring properties or from rights-of-way, signs, tree cutting violations, and Wetlands enforcement issues. In most cases those who violate our ordinances do so inadvertently and are eager to correct the situation once the portion of the ordinance violated is pointed out. In rare situations more active efforts are required.

In 2006 I successfully prosecuted a homeowner with a dozen junk cars on his property. District Court awarded the Town \$1,375 in civil Penalties. In a notorious tree-cutting case, we settled with the violator for \$40,000 plus court and other costs. We recently successfully resolved a significant noise case.

When someone's actions appear to you to violate a Town ordinance, please feel free to call me to discuss your concerns. The name of someone reporting a possible violation to me isn't relevant to the enforcement of the ordinance and I will not reveal it.

Respectfully submitted,

David E. DuVernay,
Rindge Code Enforcement Officer

Report of the Hazard Mitigation Committee

The Selectmen appointed the Hazard Mitigation Committee on April 5, 2006. Members included Emergency Management Director and Fire Chief, Rick Donovan, Selectman, Patricia Barry, Planning Director, Jo Anne Carr, Conservation Commission and Historical Society representative, Bob Cleland, Code Enforcement Officer, David DuVernay, Health Officer, Dr. Gerald Parker, Police Chief, Michael Sielicki, business owner and resident, Evelyn Fogg, and resident of a neighboring town, Carlotta Pini. The Committee worked with a consultant from Southwest Region Planning Commission to develop the Rindge Hazard Mitigation Plan, by completing the following steps:

1. Identification of Hazards and Critical Facilities - The Committee members identified human-made and natural hazards that could or have affected the Town; brainstormed on the type of hazards and locations that have sustained or could be susceptible to each hazard; developed a Past and Potential Hazard Map; and identified and catalogued all of the critical facilities within the Town.
2. Assessing Vulnerability – Estimating Potential Losses. The Committee members completed Vulnerability Assessment Worksheets for all of the hazards identified.
3. Analyze Development Trends. The Committee developed a “Community Profile” and a Development Patterns Map.
4. Existing Mitigation Strategies and Proposed Improvements. The Committee identified plans and policies that are already in place to reduce the affects of man-made or natural hazards and evaluated the effectiveness of the existing measures to identify where they can be improved.
5. Develop Disaster Minimization Alternatives. To assist with determining mitigation projects, the Committee considered the following objectives: 1)Preventative (Programs & Policies), 2)Property Protection, 3)Structural, 4) Public Education & Information, 5)Engineering Projects, 6) Equipment Purchase, and 7)Training. The Committee also identified mitigation actions for each of the potential hazards.
6. Prioritized Mitigation Measures. Using the recommended improvements from Step 5 and projects identified in Step 6, the Committee developed a prioritized list of mitigation projects considered feasible to implement.
7. Develop a Strategy (Implementation Plan). Using the prioritized list of mitigation actions identified in Step 7, the Committee developed a clear strategy that outlines who is responsible for implementing each project, as well as when and how the actions will be implemented.
8. Adopt and Implement the Plan. The Committee members reviewed and approved the plan. It was sent to FEMA for a preliminary review, and will need to be adopted by the Board of Selectmen at a public hearing. Then it will be submitted to the New Hampshire Bureau of Emergency Management and the Federal Emergency Agency Region 1 Office, for formal approval.

Respectfully Submitted,

Carlotta Lilback Pini
Committee Member

Report of the History Committee

The Rindge History Committee is actively seeking members this year. The Committee is different from the Rindge Historical Society and I shall explain.

The Rindge Historical Society is made up of a group of individuals who share a love of history and pay yearly dues. They meet three times a year at the Rindge Museum, which they maintain. No specific knowledge of Rindge history is required. The Museum is open Wednesdays from 10:00-12:00 and the first Saturday of each month from 10:00-2:00. I urge you to visit and guarantee that you won't be disappointed!

The History Committee is different. Members are appointed by the Board of Selectmen for their expertise in town history. We meet at the town office and there are no dues. We work under the direction of the Selectmen, cataloging old town records, researching Rindge genealogy, old houses, mills, etc.

The line between the two have become blurred over the years, since many of us belong to both, but all people who are interested in history are welcome.

For more information please call the writer at 899-5558 after 6:00 p.m.

Respectfully Submitted,

Linda Bussiere
Secretary Rindge History Committee

Amy Raymond, Chairman
Karla McLeod
Roberta Letourneau

Report of the Personnel Committee

The Selectmen appointed a Personnel Committee in June 2003 for the purpose of forming an advisory panel to assist town administration and Selectmen in matters of personnel. The committee functions in a strictly objective and advisory capacity as requested by town administration and the Board of Selectmen. Following are examples of some of the projects undertaken by the personnel committee since its inception.

- Recruitment of a Chief of Police
- Annual updating of the Classification & Compensation Plan
- Formulation of a systematic performance review plan
- Assistance with evaluation of new or changed positions
- Drafting of a revised employee handbook
- Recruitment of a Director of Public Works
- Sub-committee development of a Conflict of Interest Policy
- Revisions and refinements to the wage and salary plan
- Response to questions of personnel policy and administration

In carrying out its responsibility, the committee has drawn on the collective knowledge and experience of members who have significant experience in business management, educational administration, town and state government, finance, human resource management and consulting. In addition, the committee has been able to complete the projects assigned with valuable input from town employees, administration, Selectmen and other outside resources.

Report of the Agriculture Committee

The Rindge Agriculture Committee (RAC) was established and appointed by the Board of Selectmen in the Spring of 2006. The Committee set about establishing a Charter, which was presented and approved by the Rindge Selectmen in the Summer of 2006.

The RAC organized to bring farm animals in Rindge to the Carriage Houses behind the Rindge Meetinghouse for the July 4th weekend Family Festival, including Boer Goats, Horses, Llamas, Alpacas and fleece spinners for the enjoyment of children and families who visited - over 500 by our count.

Additionally, the RAC contributed to the Rindge Master Plan in 2006 to help ensure public appreciation for, and town recognition, support and protection of Rindge's agricultural lands, working farms, livestock and animal husbandry, crop cultivation, and forests.

The RAC seeks new members who want to work with the Committee to advance the goals of the Charter. Interested residents are encouraged to contact the Town Administrator or any RAC member if they would like to join the Rindge Agriculture Committee.

CHARTER

Of the Rindge Agriculture Committee
Town of Rindge , New Hampshire

The distinctive rural and agricultural heritage of the Town of Rindge , New Hampshire, especially its farm and forest resources, and broad citizen conviction that these assets and activities enrich the character and economic value of the community as a whole, compel the Rindge Board of Selectmen to establish the Rindge Agriculture Committee to engage and lead the community:

I

To document and maintain a survey of lands suitable for agriculture and silviculture purposes, and complete an initial census of related local producers, merchants and education resources within Rindge;

II

Recognize, publicize, support and otherwise promote on-going agriculture and silviculture activities and enterprises within Rindge, including the cultivation and use of related local products in local homes, properties, schools and businesses;

III

Ensure that agriculture and silviculture interests and lands be explicitly incorporated into the Rindge Master Plan;

IV

Identify significant agriculture and silviculture lands to be preserved in perpetuity within Rindge;

V

Establish the groundwork and legitimize the formation of a Rindge Agriculture Commission with the required expertise and authority to apply for and secure grants and other funding to be used to provide incentives for the support and development of agriculture and silviculture activities, protect farm and forest lands, and otherwise procure easements on these lands, dedicated for agriculture and silviculture within Rindge.

Report of the West Rindge Common Committee

In the late Spring of 2006, the Board of Selectmen established and appointed the West Rindge Common Committee (WRCC).

The WRCC came into being as a consequence of efforts by the Rindge Planning Board to update Rindge's Master Plan, as a direct result of work with veteran New England planner Randall Arendt and the many meetings held with his participation and presentations, and in immediate response to an opportunity to secure private funding for restoring and improving the physical access, appearance and amenities of the West Rindge Common.

The rationale for embarking on this effort are threefold:

- 1) **A Bond to the Past** - The West Rindge Common lies at center of what was the historical commercial center and transit hub of Rindge.
- 2) **A Picturesque Park of the Present** - This highly visible and charming Common along Route 202 is a modern day center of recreation and relaxation for an intimate, friendly mixed-use neighborhood village where homes and thriving, sustainable businesses tastefully and peacefully co-exist in a classic New Hampshire fashion.
- 3) **A Focus for the Future** - The West Rindge Common forms the center of gravity for a contemplated set of woodland and wetland trails and pedestrian walkways of an expanded West Rindge Village that will abut and eventually link an expanding Franklin Pierce College as it becomes a University, and the commercial amenities and conveniences of Fogg's Corner and Cheshire Marketplace, as well the civic activities in Rindge Center.

The WRCC met several times throughout the summer and fall, conducted several site walks, engaged in historical research, consulted with neighborhood abutters, contractors, landscapers, designers, town and state transportation officials, and reported regularly to the Selectmen and Planning Board.

The West Rindge Common Committee is in the process of developing a Phased Plan that will enable the members, the neighborhood, the town and private benefactors to systematically restore and improve the Common within a reasonable time frame and budget. These elements include:

West End Beautification along Route 202

- 1) Removal of the unattractive and deteriorating chain link fence along Route 202
- 2) Removal and re-direction of utility poles and wires to restore and open the west end of the Common abutting Route 202
- 3) Installing safe and functional pedestrian pathways and walkways leading to and in certain spots along the West Rindge Common's perimeter
- 4) Erecting an attractive fence and gateways along the west end
- 5) Installing electric power for the Christmas Tree, Flag Pole, and Events as needed.
- 6) Installing a specialized flag downlight light for night time display of the American Flag respecting Flag etiquette and the neighborhood's desire to prevent night sky illumination.

Perimeter Repair & Restoration

- 1) Vegetation Management: Eradication of invasive species; thinning and trimming of trees, bushes and underbrush; and new plantings.
- 2) Stone Wall Repair

East End Restoration

- 1) Re-positioning and stabilizing the historic West Rindge Common Trough
- 2) Restoring and repairing the creek side wall and handrail
- 3) Landscaping the immediate creek side area

Report of the West Rindge Common Committee

Historic & Amenities Signage

- 1) Rails to Trails
- 2) The Rindge Railroad Depot
- 3) The Mill & Lumber Yard
- 4) Civic Transformation – Mary L. Ware's Great Contribution
- 5) Today's Benefactors

Vehicle & Pedestrian Safety Contingencies

- 1) Traffic Flow & Calming
- 2) Pedestrian Crossings
- 3) Parking
- 4) Safety Signage

Elements 1 and 2 are underway and the committee has undertaken the following planning initiatives:

- 1) Commission a West Rindge Common rendering, along with necessary related photographs, maps, drawings, site plan and materials requirements.
- 2) Develop a long term project budget and identifiable public & private funding resources.
- 3) Finalize a planned construction and landscaping schedule.

The West Rindge Common Committee has already raised over \$2,000 in private funds, including funds to provide flag down-lighting, from private contributors.

The Committee welcomes new volunteers and benefactors as it continues its work in 2007. All interested parties are encouraged to contact the Town Administrator or any of the Committee members listed below.

Report of the Meeting House Oversight Committee

This has been a very productive year for the Meeting House oversight committee. Among the biggest and most notable project completed was the power upgrade and installation of the new Lamp Posts that West Rindge Builders installed in the parking lot of the Meeting House. The power upgrade was much needed and will be very beneficial. Though it wasn't completed in time for our annual tree lighting, in the future we will finally be able to light the big tree on the Meeting House lawn the way it should be done! The areas under the church were insulated. A project list was made and prioritized.

The Committee continues to monitor the condition of the building and make recommendations to the Ward Trust Fund and the Board of Selectmen.

We would like to thank Norm May for his years of service as Chairman of the committee and welcome his replacement, Burt Goodrich.

Respectfully Submitted,

Peggi Brogan

Report of the Rails to Trails Organization

The Rindge Rails to Trails Organization, Inc. was established to promote use and awareness of the Old Boston and Maine Rail Road trail through Rindge for educational and recreational use.

Our 2004 two year State Grant was finalized with the installation of a Map/Sign at the County Road access off Rt 202 North. We welcome everyone to visit this trail access to view our new Map/Sign and invite you to explore the trail and see if you can find all of the "Land Marks" on the trail.

As a follow-up to our first grant we applied for a 2006 State Grant and were accepted. These Grant funds were used for rail bed trail construction to address drainage problems south of Woods Crossing Road (Old Danforth Crossing Road) and for additional Map/Signs to be installed in 2007 and 2008.

The Rindge Rail to Trails Organization is always looking for community supporters for volunteers and members. We can be contacted at Rindge Rails Trails Organization, PO Box 613, Rindge, New Hampshire 03461.

Respectfully Submitted,

Rindge Rails Trails
Organization, Inc.

Report of the Executive Councilor

To the Residents of Rindge,

I am beginning my second term as your representative on the Executive Council (also known as the Governor's Council). As many of you know, New Hampshire elects five people from five districts to the Council. Their duties include the review and confirmation of state judges, of state agency heads, and of significant state contracts. I love the job and enjoy representing your beautiful town.

In my first term, the Council reviewed important appointments of Governor Lynch to the Supreme Court and to heads of state agencies such as the Department of Education, Department of Environmental Services, Office of Attorney General, Department of Resources and Economic Development, and the Department of Corrections. Of course, I did my homework and worked with the governor to make sure we brought excellent people into all of these critical positions.

As a member of the Council, I scrutinized large state contracts including everything from road paving projects to computer systems to health care expenditures to services for the poor and to plans economic development. I see my job as a watchdog for the taxpayer to make sure that we get the best value for our taxpayer dollars.

The Council also approves applicants for the numerous state boards and commissions that contribute so much to our state. I am always looking for people who are interested in serving in these rewarding positions. Please don't hesitate to contact me at the State House at 271-3632 or through my website <http://www.debpignatelli.com> on these positions or anything else concerning state government for which I might be of help to you.

I wish all of you and your lovely hometown a good 2007.

Best regards,

Debora

Debora Pignatelli
Executive Councilor
22 Appletree Green
Nashua, NH 03062

Report of Home Healthcare, Hospice, and Community Services

In 2006, Home Healthcare, Hospice and Community services (HCS) continued to provide home care and community services to the residents of Rindge. The following information represents HCS's activities in your community during the past twelve months.

Service Report

Services Offered	Services Provided
Nursing	994 Visits
Physical Therapy	108 Visits
Occupational Therapy.....	5 Visits
Medical Social Work	36 Visits
Home and Community Based Care*	813 Hours
Home Health Aide	802 Visits
Homemaker	97 Hours
Adult In-Home Care	1466 Hours
Outreach	68 Visits
Health Promotion Clinics	12 Clinics
Meals-On-Wheels	1641 Meals

Total Unduplicated Residents Served: 148

- * Home and Community Base Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Prenatal and well child care, hospice services and regularly scheduled "Nurse Is In" clinics are also available to residents. Town funding partially supports these services.

Financial Report

The actual cost of all services provided in 2006 with all funding sources is projected to be \$316,923.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town. In 2006, town support totaled \$3,975.00 for home care and \$634.00 for Meals-On-Wheels.

For 2007, we recommend a total appropriation of \$4,960; \$3,975 to continue to be available for home care services and \$985 for the Meals-On-Wheels program in Rindge.

Thank you for your consideration.
